

## Canada's Dollar-Saving Program Beginning To Show Results—Howe

OTTAWA (CP) — Canada's dollar conservation program is beginning to show results, Trade Minister Howe told the Commons Thursday.

Imports from the United States are being reduced month by month while exports to U.S. markets are increasing.

Imports from the U.S. during

the first quarter of this year totaled \$187,000,000. This was \$10,000,000 higher than in the corresponding quarter of 1947, but was lower than the last two quarters of 1947.

The greatest savings had been made in imports of automotive equipment.

Turning to trade with Britain, Mr. Howe said imports from that country are rising while exports to the U.K. are increasing only slightly.

The minister made the statement as the Commons returned to study of his departmental estimates of expenditures. Also considered during the day were the estimates of the Transport Department, the Secretary of State, the Civil Service Commission, public archives and the public printing and stationery branch.

When radio services estimates of the Transport Department were reached Douglas Ross, P.C., Toronto-St. Paul's, said the government should abolish the annual \$2.50 radio license fee.

Transport Minister Chevrier defended the tax and said it amounted to about five cents a week.

Mr. Ross and F. D. Shaw, S.C., Red Deer, Alta., urged the government do something to reduce the cost of collecting the license fees. Collection costs amounted to more than \$500,000 last year.

Rodney Adamson, P.C., York West, Ont., was told that the government does not contemplate any expenditures for the expansion of air ports in the Banff and Jasper National Parks. Mr. Chevrier said national parks officials are opposed to such expansion.

## Weather

Weather synopsis and official forecast issued by the Dominion public weather office at Vancouver, valid until Saturday midnight:

Cloudy skies and showery weather appears to be in store for the southern and central sections of B.C. over the weekend, although slow and gradual clearing is expected. Isolated thunderstorms are probable over the Kootenays today and tonight.

By contrast the northern portion of the province will remain clear and warm.

Vancouver and vicinity, lower Fraser Valley and Strait of Georgia—Overcast with widely scattered showers today and tonight. Saturday overcast in the morning, becoming cloudy in the afternoon and clearing by late evening. Light winds. Little change in temperature. Low tonight and high Saturday at Vancouver airport 56-70, Abbotsford 53-72, Nanaimo 55-70.

West coast Vancouver Island—Cloudy today, tonight and early Saturday, clearing during the morning. Light winds. Little change in temperature. Low tonight and high Saturday at Victoria 53-69.

Cloudy today, tonight and early Saturday, clearing during the morning. Light winds. Little change in temperature. Low tonight and high Saturday at Estevan Point 54-62.

## Urges Closer Union Of U.S. With Canada And Commonwealth

A customs union with the United States was not regarded with too much favor by the people of Canada, Howard T. Mitchell, president of the Vancouver Board of Trade, told 52nd annual convention of the Washington Bankers' Association at the Empress Hotel today.

"If such a union were to take place," he said, "it would take years to develop. Many people feel that Canada with its minority population, would have very little say if such a commercial agreement were made," he explained. "They feel that the United States would have the final say on all economic matters."

Mr. Mitchell expressed the opinion that a customs union was not the answer to economic and political security for the North American people. He suggested instead a closer integration of the United States with Canada, Great Britain and other nations of the Commonwealth.

**UNION IS SAFEGUARD**  
Russia was grouping together all Slavic peoples, he said, and if peace talks failed the Slavic nations would constitute a danger to North America.

"Our only safeguard is a closer union between Anglo-Saxon nations," he said, "both in economic and political spheres."

The speaker felt that something should be done to populate the empty spaces of the Pacific northwest—not only from a defence point of view, but for the economic development of the West Coast.

British Columbia and Alberta contained one of the greatest coal reserves in North America, he said, but because of the lack of rail connections these areas remained undeveloped.

"A railway system connecting the northern part of the province and Alberta was a necessity," he said, "for the development of the Pacific northwest. He predicted that the time would soon come when the people would demand a railway to the north."

Other speakers who addressed the meeting were E. G. Startup, Andrew Miller, Dunlap C. Clark and W. A. B. Liff, loan director of the International Bank of Reconstruction and Development.

## Strawberry Picking Delayed By Weather

Strawberries were selling on the local market today from 45 cents to 60 cents a box. On Wednesday, when the fruit first appeared, prices were 60 and 65 cents a box.

No further price drop can be expected until next week, however, because inclement weather will slow down the ripening process of the fruit.

"As a result of this rain, picking operations will be delayed several days," C. M. Smith, manager of the Dominion-Provincial Emergency Farm Labor Service in this area, said today.

Special buses for pickers which were scheduled for Monday morning have been canceled, he said. First special buses to take pickers to the berry farms will now leave Wednesday morning.

Black currant picking at Gordon Head, which is normally underway at this time of year, is also delayed, and will not start until at least the end of next week, Mr. Smith said.

The rain will not damage the berry crop, Mr. Smith believes. "A little rain will do the plants good," he said. "Of course, if it keeps up for too long, then it may do some damage."

## No Change Made In Rail Negotiations

MONTREAL (CP)—A spokesman for 18 international railway brotherhoods said today that two days of a mediation board sitting have left unchanged the situation arising from a wage dispute with Canada's railways. The brotherhoods asked 35 cents an hour and rejected the conciliation board's majority report. A strike ballot was undertaken among the 150,000 railway workers affected.

The meeting were E. G. Startup, Andrew Miller, Dunlap C. Clark and W. A. B. Liff, loan director of the International Bank of Reconstruction and Development.

## Appeals To Residents Of Flood Districts To Obey Instructions

Acting Premier Anscomb today appealed to residents of the province's flood areas to follow the instructions of Army officials in the matter of evacuation from danger zones.

"When asked to leave their home they should do so at once, but many are refusing to budge," the acting premier stated.

He said the Mennonites in the Sumas area are among many who are disregarding warnings.

"The provincial government is doing everything possible to avert drownings in the flooded areas and the districts adjoining, and the people should cooperate," Mr. Anscomb said.

"By refusing to leave the danger zones they are risking their own lives as well as the lives of the men who will have to try and save them if and when they become stranded."

He appealed also for farmers to get their cattle and livestock out of areas which may become flooded.

## Lifting Of Ban On Cattle Export Not Likely This Month

TORONTO (CP)—The Toronto Evening Telegram said today reports have reached Toronto butchers that the federal government will lift the ban on exports of beef cattle to the United States next Sunday, resulting in an immediate jump of 20 to 25 cents a pound in choice beef cuts.

Official confirmation of the reports of ban lifting are lacking but a high official of one of the major packing companies is reported as saying he would not be "too surprised" if it comes Sunday.

Under the scale, sirloin cuts would cost the consumer about 95 cents a pound instead of today's 75 cents a pound. Round steak would cost about 90 cents a pound in place of the current price of 72 cents a pound.

At Ottawa, an Agriculture Department official said the export ban would not be lifted for some considerable time.

"It won't come Sunday or even in the next two or three weeks," he said. Many things had to be considered before the step would be taken.

A prominent Liberal member from the prairies said he expected the ban would be lifted after the big movement of beef cattle to the market starts. In Ontario the movement starts around July 15 and in the west around Sept. 1.

## Summer Flower Show Opens At Crystal Garden

Two hundred entries are taking part in the summer show of the Victoria Horticultural Society which opened at the Crystal Garden today. Featuring the annual show is a wide variety of roses of all shades and colors.

The blooms, the best grown in gardens of Greater Victoria, however, are not as plentiful as they were last year. A late season has retarded the growth of a number of varieties which will be absent from the show.

The blooms will be judged for fragrance, arrangement and decoration and the best grown. The champion rose of the show will be selected from all entries.

There are a great variety of other flowers on display. The most colorful are the begonias in shades of white, yellow, pink, red, peach, crimson and orange.

Other flowers include Canterbury bells, delphiniums, begonias, lupins, pyrethrums and peonies.

There is a good display of flowers from the Lake Hill Women's Institute. School children are also contributing toward the exhibition.

The exhibition will be open until tomorrow night.

## Value Of B.C. Mines Production At New High Of \$113,000,000

Value of production in B.C. mines last year was \$113,000,000 which is a record-high for any 12-month period.

This was reported today by Mines Minister R. C. MacDonald who said the highest value previously was \$78,500,000 in 1941.

In 1946 the value was \$71,800,000, the minister stated, and he said the record value last year is attributed to high prices for almost all mineral products and to large but not record quantities produced.

The prices of silver and of the principal base metals were much higher than average last year, and all except silver were considerably higher than the 1946 prices, Mr. MacDonald said.

In 1947, 41,783,921 pounds of copper were produced compared with 17,500,583 in 1946. Value

last year was \$8,519,741 and in 1946, \$2,240,070.

Production and value of other minerals, with 1946 figures in brackets, follow:

Gold, 104,243,282 fine ounces, \$8,514,870 (117,612 fine ounces, \$4,322,241); silver, 6,969,347,990,146 pounds, \$23,489,335; lead, 306,400,709 pounds, \$41,884,977 (347,990,146 pounds, \$23,489,335); zinc, 5,707,691 ounces, \$4,109,538 (6,365,761 ounces, \$5,324,959); iron, 268,450,526 pounds, \$30,147,039 (270,778,128 pounds, \$21,143,086).

Value of antimony produced in 1947 was \$384,232 and in 1946, \$96,322; of blende, in 1947, \$560,183, in 1946, \$327,628; of cadmium in 1947, \$941,266, in 1946, \$771,698; of platinum in 1947, \$39, of tungsten concentrates in 1947, \$680,792; of tin in 1947, \$517,794, in 1946, \$480,802.

## French Assembly Nears Vote On New Western Germany Plan

PARIS (AP)—The six-power accord for a West German government, under fire from left and right in France, went before the National Assembly for approval today. Observers have forecast such an approval.

Government sources said Premier Robert Schuman's government had gained a united front for the foreign policy test by a cabinet compromise on a domestic religious issue.

The agreement on Germany won the endorsement of the Assembly's foreign affairs committee by one vote, 22 to 21, Wednesday after getting cabinet approval the day before. The committee made certain reservations.

The accord was worked out in a London conference of the United States, Britain, France, Belgium, The Netherlands and Luxembourg. It was announced Monday, subject to approval by the home governments.

The conference proposed a federal government for western Germany, an International Control Board for Ruhr coal and iron, and safeguards to keep Germany from becoming a military threat.

plly road to Jerusalem from Tel Aviv. Unofficial advisers were that at least 100 Jews were killed.

**Flood Fund Reaches \$77,982 Mark Here**

Close to \$7,000 was contributed by Greater Victoria to the B.C. Flood Emergency Fund in the 24-hour period up until noon today, Ted Fox, publicity chairman of the drive in the area, reported.

Total subscriptions to the fund now stand at \$77,982, he said. Contributions for the one-day period came through the following channels: Banks \$2,847, Royal Trust Co. \$2,108, City Hall \$1,126, and brokerage offices \$819.

At a meeting of the Victoria Builders' Exchange Thursday afternoon it was announced over \$7,000 has been subscribed through a canvass of all those connected with the construction industry. Architects, contractors and workmen have been contacted through this canvass and it is expected over \$10,000 will be the contribution from this industry before the canvass concludes Monday.

A donation from staff members of the Empress Hotel and Crystal Garden netted \$400 for the fund.

Members of clubs and societies are still being urged to contribute to the fund, yesterday, Rotarians were asked by Len Hobbs and Capt. D. J. Proudfoot to contribute at least \$5 to the drive.

Individual contributions, both in money and in services, are still coming in. Mr. and Mrs. C. D. McPherson of Cedar Hill Crossroad are donating the use of five Shetland ponies to provide rides for children on Belleville Street all day Wednesday, June 30. Entire proceeds will be donated to the Fraser River flood relief.

**DANCE TONIGHT**

The fund will be further boosted this evening by a dance at the Club Sirocco. A minimum charge of 50 cents per person has been levied. Proceeds will go to the relief fund. Dancing will start at 9:30 and will continue till 12:30. Music will be supplied by the Wes Morris orchestra.

The Salvation Army is still collecting clothing for victims of the flood, Maj. C. J. Milley reported this morning.

Men's work clothes and work boots are the primary need at the present time, Maj. Milley said. Women's and children's clothes are not required at the present time.

**Re-appointed To Board Of Jubilee Hospital**

The provincial cabinet today reappointed E. W. McMullen, F. E. Winslow, and Reeve R. Wootton of Oak Bay as the province's representatives on the board of directors of Royal Jubilee Hospital.

**Sewell Named Examiner**

R. R. F. Sewell, secretary of the B.C. Union of Municipalities, today was appointed by the provincial cabinet to a board of examiners provided under the Municipal Act, to test civic officials seeking higher positions in municipal governments.

## More V.A.D.'s Sent To Scene Of Flood

Two more V.A.D.'s have been called from Victoria by the Red Cross to render assistance to victims of the Fraser River Flood.

Mrs. Irene Boyd and Miss Vervan Yarrow left for Abbotsford today in answer to a call from Red Cross provincial headquarters, Vancouver, received here Thursday night.

They followed four other V.A.D.'s who left Monday. They were Mrs. V. Thistle, Mrs. J. Chadderton, Miss Norma Hocking and Miss Barbara Mackenzie.

"We expect more V.A.D.'s and registered nurses will be called from here during the next few days if the present emergency

## Gold Discovered Near Flin Flon

REGINA (CP)—Resources Minister J. L. Phelps today announced a gold discovery in northeastern Saskatchewan near Denare Beach, 12 miles southwest of Flin Flon. He said the find was a narrow high-grade showing, consisting of a quartz vein exposed for 25 feet. First assays ranged from .66 ounces to 2.26 ounces of gold per ton, along with copper mineralization.

Mr. Seymour said it was likely none of these men would be called unless conditions grew worse.

Yesterday's visit in this city of the mobile blood clinic was attended by 333 persons and over 300 pints of blood were collected. "This was a very good response," Mr. Seymour said.

Before coming to Victoria, the clinic visited Port Alberni, where it collected 264 pints and Nanaimo, where it collected 250, he said.

L. Hammond reported to city police that \$7 worth of old coins, 22 bottles of coke, meats and groceries have been stolen from 328 Catherine Street during the last month.

## WELL-DESERVED ELEVATION

ALL HIS FRIENDS THROUGHOUT THE Dominion—and they are legion among every shade of political thought—will extend hearty congratulations to Mr. R. W. Mayhew, M.P., on his elevation to the cabinet of Rt. Hon. W. L. Mackenzie King. He is to exchange the office of parliamentary assistant to the Minister of Finance for the important portfolio of Fisheries—a department of the public service of Canada which administers the affairs involving a great natural resource whose annual harvest contributes so substantially to the economic welfare of the nation. This translation of Victoria's indefatigable representative in the House of Commons to ministerial rank is part of a miniature cabinet "shuffle" occasioned by the resignation, through prolonged ill-health, of former Speaker and latterly Minister of Natural Resources J. A. Glenn.

Since Hon. R. W. Mayhew was first elected to the House of Commons at a by-election in the late fall of 1937, retaining his seat after the general elections of 1940 and 1945, the people of Victoria in particular and of Vancouver Island in general have had nothing but warm approval for the disinterested manner in which he has discharged his manifold duties. Admittedly, he won his victories at the polls as a proponent of Liberalism, as he chose to interpret its philosophy, but he has been ever mindful of the basic dictum which Edmund Burke announced to the electors of the city of Bristol subsequent to his election to the Parliament at Westminster on Nov. 3, 1774: Here is a potent extract from that declaration:

"Certainly, gentlemen, it ought to be the happiness and glory of a representative to live in the strictest union, the closest correspondence, and the most unreserved communication with his constituents. Their wishes ought to have great weight with him; their opinion high respect; their business unremitted attention. It is his duty to sacrifice his repose, his pleasure, his satisfactions, to theirs; and above all, ever in all cases, to prefer their interest to his own. But his unbiased opinion, his mature judgment, his enlightened conscience, he ought not to sacrifice to you; to any man, or to any set of men living. These he does not derive from your pleasure; nor from the law and the constitution. They are a trust from Providence, for the abuse of which he is deeply answerable. Your representative owes you, not his industry only, but his judgment; and he betrays, instead of serving you, if he sacrifices it to your opinion."

Thus did the great Liberal of the 18th Century so declare himself in his refutation of the implication that an elected representative should remain in the shell of a "delegate" and ignore the wider claim upon such qualities as he might be capable of dispensing for the general welfare. The new Minister of Fisheries would be the last to suggest that he is or may become a 20th Century Burke; but those who have seen him in action on the fourth floor of the Parliament Buildings at Ottawa, in his private office, understand the comprehensive nature of his interpretation of the trust which the electors of his constituency have thrice reposed in him. As a newly-appointed Minister of the Crown, therefore, Canadians as a whole may depend upon Robert Wellington Mayhew to render a good account of himself.

## PIES AT TEN PACES

ON VERY INFREQUENT OCCASIONS Canadians abroad have found themselves challenged to duels by volatile individuals who have considered themselves aggrieved and who have sought satisfaction "on the field of honor." Traditionally, the Canadian burlesques this outmoded method of settling differences in a way which robs it of any dignity and reduces the challenge to a position in which he is figuratively laughed out of court. We have in mind the well-known story of the citizen of this Dominion who, faced with a duel, blandly chose broad axes as the weapon of combat.

Now, however, we learn that the gauntlet has been thrown by one Latin American diplomat to another as a result of a disagreement in Ottawa. It should be sufficient, we believe, for some Canadian official to take the principals aside and explain to them that we do not do business that way in this Dominion. One of the things Canada can do without is the introduction of the duel. If either of the individuals concerned should remain adamant, then we would like to suggest the weapons—pies at ten paces on Parliament Hill.

## INTANGIBLE ASSET

GOOD FAITH IS A NECESSITY IN ANY form of commerce—the means by which harmonious and profitable business dealings may be carried on between one man and another. In no field of business is this more true than in that of credit, where trust in a promise is the basis for any progressive action.

A speaker at the international credit conference in session at Banff has applied this thought to a larger sphere. Capt. A. A. Nicholson, of New York, speaking of the

Dominion to which he was a visitor, said, "This beautiful land... is a personification of that rugged individualism, of a people which has never been subsidized, and of a country which they have built with their own hands. That is the faith we need. Without it, business becomes a guess, a gamble or a government guarantee."

It takes faith to buy a carload of merchandise with the hope of selling it for profit. It takes faith to deliver it to the purchaser merely on his promise to pay in the future. But the same intangible quality is needed in the development of a country. It takes faith to set out to a new frontier and devote one's life to its cultivation. It takes faith to rely on the promise inherent in natural resources that they will return a living, and perhaps riches, to the individual who puts his labor into their development. This is an asset with which a visitor has graciously credited the people of this Dominion. But it must remain for us to give it reality through continued use.

## SHORT-SIGHTED POLICY

TO RIGHT-THINKING VICTORIANS, the short-sighted policy of certain employers who have threatened reservist employees with loss of their jobs if they continue to fight floods will be grounds for resentment and contempt. It seems almost inconceivable that narrow self-interest should be evoked in circumstances which exist in the province today. Not only is the plight of flood victims one to inspire translation of sympathy into active efforts to reduce the toll occasioned by swollen rivers, but the economic consequences of what is happening along the Fraser and other rivers cannot be ignored by any businessman or manufacturer in British Columbia. Who are the employers who have threatened the jobs of reservists? Let them stand up and be counted.

Implicit in their attitude is a complete lack of understanding of the reservist system. If they are unwilling to release their employees for emergency service in case of natural calamity as well as in the event of war, they should let their workers know that membership in the reserve forces can automatically disqualify them from holding their jobs. The reservists are more than Saturday night soldiers—as they are proving so conclusively in the flood area. To those firms which have shown every consideration for staff members now working on the river banks the public owes a debt of gratitude. Against those who have indicated reservist flood workers are putting their jobs in jeopardy, the citizens are building up an impressive body of antagonism.

## HOME-MADE RAIN

WHAT IS PROBABLY THE FIRST MAJOR Canadian attempt to employ the dry ice technique in producing rainfall has apparently been successful in northern Ontario. A plane "seeded" clouds above a forest fire area with pellets of frozen carbon dioxide. According to Mr. K. G. Pettit, the Dominion meteorologist in charge of the experiment, "We couldn't see any rain before the experiment but 10 minutes later we saw rain and word is that it is raining very heavily there now." He explained that cloud conditions over the blazing forest were right for a fall of rain, and "all they needed was a little help."

This form of rain-maker is undergoing considerable testing in the United States, and there appears little doubt that when conditions are favorable, it can be a very effective method of precipitating moisture. Tiny drops from the cloud gather around the ice pellets, and fall as snow. The snow melts on the way down, and rainfall is the result. Once set in motion the process continues to extend throughout the cloud, and a heavy fall may be caused. The idea holds great promise for farm crops, or, as in Ontario, for the control of forest fires. In the not distant future it may well have become a routine procedure—one more victory in our endless attempt to alter the course of nature.

## IDEOLOGICAL FASHION

THE LONG-SKIRTED NOT-SO-NEW look has come in for criticism in virtually all lands in which the dictates of feminine fashion are observed. In Britain and in South Africa, for instance, many outspoken women have protested the uneconomical use of material the style necessitates. Those for the long skirt and those against it have been arguing the point for months now. And to the masculine mind there appears to be more strength in the case submitted by the "antis."

But it has remained for the new regime in Czechoslovakia to twist the issue to doctrinaire lines. In Prague the ministry of internal trade has stated the long, wide skirts use too much material. Besides they "express the unsocial western mode." There you have it. The swing of fashion has been removed from the sphere of the designer's scheming and milady's vanity. It has become an ideological issue.

But the news item which tells us of the official dictum also points out with some care the fact that no such stricture has been laid on the Czech peasant woman's four to six voluminous petticoats, which also use a great deal of material. That, presumably, is a necessary adjunct of nationalism, even if it makes inroads into the amount of cloth that might be diverted to better purpose.

Carloads of cigarettes spoiling in Germany; shiploads of supplies rotting in Greece. The wrong people were trusted to give handouts to the right people.

## Walter Lippmann

### THE CONFUSION OF MEN

IN SO FAR AS the damage done by Speaker Martin and Mr. Taber can be repaired at all, it can be repaired only at Philadelphia. For the best that the Senate can do in the next two weeks is to restore the funds which the Republicans who control the United States House, abetted by the Democrats who chose to be absent, have refused to appropriate. But even if Senator Vandenberg and his colleagues are entirely successful in this, the European Recovery Program will still have been struck a paralyzing blow.

The action of the House has shown that within the Republican Party organization the dominating bosses do not accept, and are determined to reverse, the line of foreign policy represented by Vandenberg, Dewey, Stassen, Warren, and even Taft.

THE ACTION of the House shows also that President Truman has lost all leadership and influence over the bulk of the Democrats. For without the defection of the Democrats, it would not have been possible for Speaker Martin to carry out the coup.

The objective of the coup is not "economy." Much more than a billion dollars is at stake. The objective of the coup is the control of the Republican Party and of the next administration. The carefully engineered and ruthlessly executed action in the House last week was the preliminary phase of a larger plan, which will be attempted at Philadelphia—a plan to defeat the new post-war Republican leaders, to prevent the reconstruction of the party, to make a record and to write a platform and to nominate a ticket which could fit only a Martin, a Bricker, or conceivably Taft.

THE REPUBLICAN bosses who are conducting this campaign are not animated primarily by isolationist convictions but the knowledge that they can retain their political power only if they can recommit the party to the isolationist position with which they have so long been identified.

For that reason a mere restoration of the funds, worked out by compromise, will not settle the real issue. It can be settled only if the candidates nominated at Philadelphia, and the platform on which they and the candidates for Senator and Representative are to run, represent clearly the line of policy with which Vandenberg, Dewey and Stassen are identified. For only then will the United States and the world have any reasonable assurance that next year Martin and Taber will not abolish the program which this year they have injured so seriously.

THE GRAVITY of the decisions, which will be made at the Philadelphia convention can hardly be exaggerated. For there is every prospect that the Republicans will win the election. If they are to win it with their party led or dominated by Speaker Martin and his associates, the United States can not and will not play a leading and constructive role in recovery and in world settlement. An administration led or dominated by the men who ran wild in the House will be not a national government but a clearing house for special interests, pressure groups and lobbyists.

If the national Republicans are defeated at Philadelphia, a crisis of enormous depth and scope will develop all over the world. The only hope of arresting and mastering this crisis will lie in a recognition by President Truman that he must step aside in order to lead what would then become a bipartisan movement to draft Eisenhower.

LET US HOPE that no such desperate expedient as that will be necessary. For after 16 years the country needs a Republican administration, and not the four years of excitement and confusion which would almost surely result from a draft, an improvised coalition, and the substitution of personal government for responsible party government. But if the Republicans at Philadelphia prove to be incapable of offering the country responsible national party government, then desperate expedients will be necessary.

In any event, though the European Recovery Program is saved, though the Republicans rise to the occasion at Philadelphia, the United States is and will be involved in a rapid and exceedingly complex development in the international situation. The action of the House is bound, I venture to think, to accelerate and precipitate developments which would occur anyway—but more slowly and in more manageable form.

THE DEVELOPMENTS turn upon the complicated and reciprocal relations between the Soviet peace offensive on the one hand and, on the other, the great difficulties of the British position at home and in the Commonwealth and Empire, the German crisis which is destined to become a Franco-German, indeed a European crisis, and on the deterioration of the Truman administration.

It is a great pity that there was not enough wisdom in high places in Washington and London to understand that with the American elections in progress, with the continuity of American policy not yet assured, and with Britain beset by all her difficulties, this was the time to temporize on the German problem, not the time to precipitate a European crisis over Germany.

IT MAKES ONE THINK of a statement which I have been told is in an old document of one of the Swiss cantons, that the affairs of the world are governed by the confusion of man and by the providence of God.

## As Our Readers See It

### YELLOWKNIFE EXPLAINED

Would you be kind enough to publish this letter in your paper for the benefit of those in Victoria who may be interested in Yellowknife.

Before leaving Victoria to come up here, we had a very hazy idea of the location of this fabulous town. In fact we will never forget the look of amazement on the face of the ticket agent when we enquired the price of a ticket to Yellowknife. We may as well have asked for a ticket to Timbuktou.

Since we have been in Yellowknife, nearly a year now, we have had numerous letters addressed thus: "Yellowknife, Alaska," "Yellowknife, Sask.," "Yellowknife, Alberta," and even the post office addressed a letter to us at "Yellowknife, Yukon Territory." In fact it was even rumored that Yellowknife might be in Siberia!

Just recently a photo of Yellowknife visitors was shown in your paper with the heading, "Visitors from Yukon Territory." Actually, Yellowknife is in the Northwest Territories, approximately 700 air miles due north of Edmonton. It is situated on the northwest arm of Great Slave Lake and is only accessible by air. In the summer, when the ice has gone from the lakes and rivers, barges carrying freight

come up from Waterways, Alberta, up the Athabasca River, through Athabasca Lake, then up Great Slave River and finally across Great Slave Lake to Yellowknife. However, there is no passenger accommodation on these boats.

And may I also correct another mistaken impression of Yellowknife? It is not the wild frontier town that we had imagined, but a modern little town where you can buy anything you want, with the additional cost of air freight charges, of course. It is a town of modern buildings, including a large fully-modern hotel, school and new Red Cross 40-bed hospital, as well as other buildings in the process of construction.

Everyone knows that the north has been famous for its vast mineral resources, and in the past few years this wealth has been developed to such an extent that a business centre was a necessity. Yellowknife has become that centre and is well on its way to becoming the capital of the Northwest.

MRS. NEIL J. HUTCHINS.  
Yellowknife, N.W.T.

### FLOOD TAG DAY

Through the courtesy of The Victoria Daily Times, Victoria Municipal Chapter, Imperial Order Daughters of the Empire,

would greatly appreciate the opportunity of thanking all those who by their efforts helped the order to raise over \$2,000 for flood relief and welfare work.

The success of the tag day was in great measure due to the wonderful co-operation, so spontaneously given, by the following organizations: St. John Ambulance Brigade, Victoria Catholic Women's League, W.A. to P.P. C.L.I., W.A. to R.C.N., Red Cross Corps, Victoria and District Parent-Teachers' Council, Lake Hill Catholic Women's League, Liberal Women's Forum, W.A. to Britannia Branch, Canadian Legion, W.A. to Pro Patria Branch, Canadian Legion, White Cane Club, pupils of Oak Bay High School under Miss K. Riley, Women's Conservative Association, and the Y.W.C.A. Board.

In addition to the members of organization many men and women and boys and girls assisted in the tagging. The order is deeply indebted to those willing helpers.

Finally, Victoria Municipal Chapter gratefully acknowledges aid given by the Press, Radio Station CJVI, the B.C. Electric Railway Co. Ltd., the Victoria City Police, and the Imperial Bank.

NELLIE BISHOP.  
Convener, Alexandra Rose Tag Day, 1124 Greenwood Avenue.

## Balance Of Payments Problems

U.K. Information Office

A FURTHER EXAMINATION of Britain's import program will have to be made if "world prices continue to rise more steeply than Britain's export prices. Sir Stafford Cripps, the Chancellor of the Exchequer, gave this warning last week when he spoke on Britain's balance of payments position.

Dealing first with the wide gap between imports and exports in the first four months of this year, he pointed out that while the difference was given as \$174,000,000, when certain hidden factors were taken into account the true invisible deficit was probably less than \$100,000,000.

### EXPORTS TO WEST

At the same time, there had been a very considerable reduction in the current visible deficit with the western hemisphere. Increased exports to that area and substantially reduced imports from it had had the result that the estimated deficit from January to April was \$53,000,000 less than from September to December last year—almost exactly in accordance with the government's forecast.

"The state of the United Kingdom dollar trade is of course not the only factor which affects the rate of drain upon our gold and dollar reserves. There is, for example, the dollar trade of the rest of the sterling area as well. We do not publish figures of the drain on our reserves at more than quarterly intervals, but I may tell you that April brought no unpleasant surprises."

Discussing the rest of the world, Sir Stafford said that the last four months showed a substantial rise in imports and a

smaller rise in exports, so that the balance was \$25,000,000 less favorable than in the preceding four months. The excess of imports over the estimate on the assumed half-yearly basis was \$79,000,000 while the excess of exports was only \$19,000,000.

### GAP NOT NARROWING

"This circumstance is the main single explanation of the fact that the visible gap in our balance of payments has not been narrowing at the rate we hoped for. The explanations are partly, that we have been able to make increased food purchases from countries like Denmark, Palestine and some others in order to vary our diet, but chiefly that the prices of goods from these countries have risen higher than the forecasts."

Price changes certainly accounted in large part for the visible deficit in March and April being larger than in January and February. Between the end of 1947 and April the price index for imports rose by six per cent and that for exports by only three per cent.

"If, on the balance, import prices continue to rise and export prices to lag further and further behind them, we shall obviously have to examine our import program again. It is fortunate for us that our trading arrangements in sterling give us a valuable margin of time in which to take decisions in an orderly way so as to cause the minimum upset to our industries and our standards of living."

FOR REHABILITATION Sir Stafford was asked how much of the purchases under the European Recovery Program were in addition to what Britain would have purchased if there had been no E.A.P. He replied: "The answer is none, because we do not regard E.R.P. as a means of increasing our standard of living. We regard it as a means of helping us to rehabilitate ourselves and our industry for the next three or four years."

Dealing with the position of the overall balance of trade by the end of the year, Sir Stafford said: "I do not think upon the present price trend that, unless there is a marked falling in import prices by the end of the year, we are likely to achieve an overall balance."

## Global Survey

By RELMAN MORIN  
Associated Press News Analyst  
(For Dewitt MacKenzie)

HAROLD STASSEN, a Republican presidential candidate, appeared before the United States Congress yesterday and argued against the proposal to reduce the billions originally authorized for the Marshall Plan. He said it has become a matter of "the national honor of the United States."

While Stassen was speaking, there probably were people in the committee room for whom his words evoked the memory of Falstaff's notable soliloquy on honor: "What is honor? Can it mend a broken leg?"

That is a large part of the problem.

### HEAVY LOAD

The congressman who propose to chop more than \$1,000,000,000 off the fund originally earmarked for European recovery believe that, economically, the United States may break its leg, or even its back, in attempting to carry the load.

Moreover, the House of Representatives appropriations committee chairman, John Taber, said in an interview the other night that it isn't necessary to spend so much in Europe. He cited figures to show that an abundant wheat crop, bigger than in years, will be harvested in France and Italy. His statistics on the potato yield in Germany were almost startling.

But there may be other considerations.

It may be that the United States, in the years to come, will recover all the Marshall Plan money, and more, from a healthy Europe.

### WIN AND HOLD

Still another consideration—and this relates to Stassen's argument about "national honor"—is the necessity for the United States to win and hold the confidence of the European countries which are in the forefront of this battle.

Ever since Versailles, and the repudiation of President Wilson's plan for a League of Nations, Europeans have found it difficult to be sure that American policy on Friday would be going in the same direction that it had Thursday night.

Whether "national honor" is involved may be debatable. But the effect on European confidence in the United States is not.

### RADIO CONTROLLED

Exchange

The latest development in radio control of road traffic was put to the test recently by the London, England, Transport Executive. The occasion was the opening of the spring racing season at Epsom, when large crowds make their way by road from town to the racecourse. Officials of London Transport use two cars fitted with a portable radio. One is stationed close to the course, the other in town. Every minute the cars exchange wireless messages on the size of the crowds and the state of traffic in order that special bus services can be used to the best advantage.

### MISTAKE MADE GOOD

Australian News  
North Sydney Orphans' Club, whose 641st meeting was listed for March, started off as something quite different, says Sydney Sun's columnist.

Half a century ago a group of businessmen from the North Shore met at a city pub, decided to form the club as a way of assisting some charity; agreed to call it the North Sydney Orphans Club.

Quite inadvertently the foundation secretary wrote "orphans." The name was retained, the committee decided to help orphans, and a lot of the \$25,000 raised since then has gone to assist the parentless kids of the community.

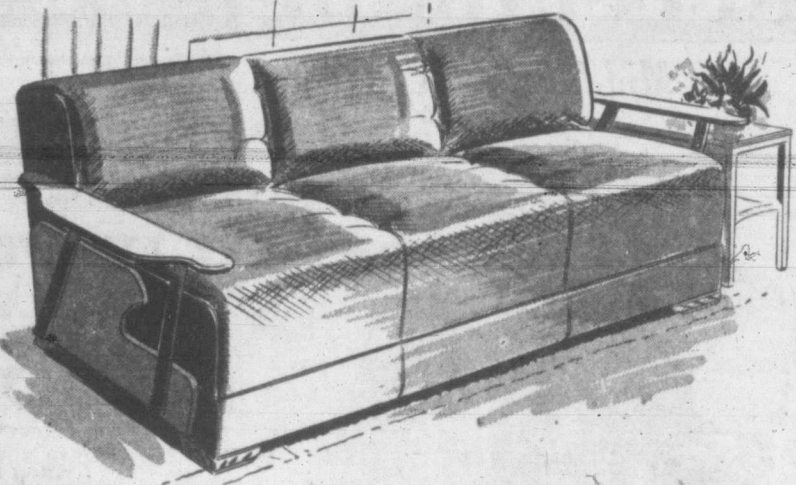

### BREEDING CRIMINALS

Washington Post  
A new aspect of parental responsibility has been uncovered in a four-year study of criminals and their families made by Dr. David Abrahamson of Columbia University's department of psychiatry. It has been found that family tension breeds criminals. In other words, it is not so much parents' neglect of children, or failure to teach them proper behavior, but rather home bickering and nagging that set boys and girls on the wrong track. Even home tension of a subtle nature is felt by children, says Dr. Abrahamson. Their response to such home life is resentment, hostility, and rebellion against authority, which often lead, not only to criminality, but to physical and mental diseases.

# THAT AWFUL WHISPER SHOCKED ME FOR DAYS!

1. SO EMBARRASSING! "I just couldn't get over it—those two girls from the office not wanting to ride up in the elevator with me—whispering that I was so careless about 'B.O.'!"

2. "THAT WHISPER nagged me for days. Then I faced it—anyone can have 'B.O.' My fault was not guarding against it."

3. "EVER SINCE I've used Lifebuoy daily, I know I'm safe from 'B.O.' ... because Lifebuoy gives me all-over protection."

Its fresh, clean scent is your guarantee of protection

Lifebuoy's clean scent is your guarantee of protection. It's a signal that Lifebuoy's thick, mild lather is giving you all-over freshness. In a few seconds the Lifebuoy scent has disappeared and so has every trace of "B.O." (body odor). Lifebuoy is the only soap specially made to stop "B.O."

And, tests prove you can build up resistance against "B.O." by bathing with Lifebuoy every day. Try it for just seven days. See how fresh and clean your skin feels! Once you've discovered how Lifebuoy frees you from "B.O.", gives you longer-lasting protection, you won't ever miss your "Bath a day the Lifebuoy way!"

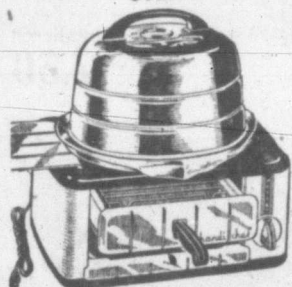

USE IT DAILY

FROM HEAD TO TOE—LIFEBUOY STOPS "B.O."

## Man Must Harness Divine Spirit Says Speaker At Kiwanis

The spirit of God must be harnessed by man if he is to effect the peace for which he is striving, Dr. E. M. Levy told the Oak Bay Kiwanis Club Thursday evening in an inspirational address entitled "The Bible and the Bomb."

"The elemental power of the atom as an engine of destruction can be surely countered by the mobilization of the spiritual force," he said.

This power is more usually regarded as the special preserve of churches, he said. And churches, in turn, are regarded as concerned exclusively with the hereafter.

"The influence of ministers of the churches in public and daily affairs of the here and now is often resisted and resented by public opinion," the speaker claimed.

"Our modern life reveals a tacit pact between church and state, that the state should look after man in the affairs of the world, and the church will take care of us in the next world, after we have shuffled off this mortal coil," he said.

"But really," he continued, "that divine spirit is what man needs right here and now."

"It is accessible as the air we breathe and the water we drink," Dr. Levy said. "It is as real as electricity or atomic energy and is part of the universal scheme of creation."

"The spirit of God or the universal mind or the divine mind—whatever name is given to this recognizable force—must be made a living, pulsating reality for the common man. When that is attained, the power of it will be as a matter of course reflected in our statesmanship," Dr. Levy concluded.

## Indians Cultured Before White Man Speaker Tells Club

Anthropological study has determined that the Indians in British Columbia were a cultured people before the coming of the white man. A. E. Pickford, anthropologist at the Provincial Museum, told members of the Rotary Club at a meeting in the Empress Hotel.

"They took life seriously and had a high moral standard," he said.

Their class system was similar in many respects to the system in Europe. There were slaves, commoners, ordinary noblemen and chieftains. The slaves were most often warriors of other tribes who had been captured. Nobles and chieftains' families were not allowed to marry out of their class level, Mr. Pickford said.

Descendants of the chieftains still hold respected positions in the tribes even today, it was noted.

"Far from being the creeping, despised individuals we sometimes see on the streets, the Indians are still noble and cultured in their own homes," Mr. Pickford said.

Not long ago, the speaker continued, scientists believed North America had been inhabited by people from Mongolia who had crossed over to this continent via Alaska about 4,000 years ago. Now, however, a discovery has been made in the state of New Mexico which leads anthropologists to believe this continent was inhabited at least 25,000 years ago.

If, as is presumed, the first people to this continent came by way of Alaska, British Columbia would be one of the first places in which the people would have settled, he said.

The speaker was introduced by John Gough and was thanked by club president, Jeffrey Arnett.

## Snowmobile Course In September For Soldiers

A six-weeks' course for snowmobile drivers will open the next cold weather training season at the Joint Services Experimental Station at Fort Churchill, it was learned in Ottawa this week.

The course will start Sept. 13—just about the time old man winter begins to take over in that region.

Thirty-six candidates are being nominated for the course. They must be qualified driver-mechanics, in perfect physical condition and preferably single. In the selection of candidates, top priority will go to men already stationed at the northern testing station, or to those who will be employed as snowmobile drivers on trial teams next winter.

**No Wild Period  
Of Time Payments  
Says Credit Chief**  
BANFF, Alta. (CP)—Installment buying, the craze of the 1920's, is on the increase in Canada and the United States, Dean Ashby of Omaha, Neb., newly-elected president of the

National Retail Credit Association, said today.

In a press interview following his election at the final session of the international credit conference Thursday, Mr. Ashby said installment buying under its new titles of time payments or budget plans, will continue the expansion of credit for several years.

"But," he added, "we are not going wild this time as some of us did before the depression of 1929. There is a keen interest on the part of credit men and bureau managers to control customers' credit requests, so there will be no over expansion."

More than 1,000 delegates representing Canada, the United States and Alaska attended the conference held at the Banff Springs Hotel. They voted to hold the 1949 conference at Boston, Mass.

**WAR EXPERIENCE**

During his press interview, Dean Ashby said some of the ideas for credit control used during the Second World War are being used in peacetime in the United States.

"Larger down payments are being asked and the limits on the length of time for payment are being made shorter. An encouraging sign to my mind is that though outstanding accounts receivable are greatly increased, collections are on a high level. This is very necessary to have more money going back into the market and thus maintaining a sounder economy."

In any future recession, credit men could handle the situation without government interference, he said. "But I do not expect any recession for several years. The supply has nowhere met demand. The people need the goods and, with cost-of-living high, credit will inevitably expand. We are not yet near the peak of prewar credit expansion."

Thursday night Harold Genser of Winnipeg was elected president of the Credit Granters' Association of Canada, which sponsored the conference together with the N.R.C.A., the Associated Credit Bureaux of America and Canada and the Credit Women's Breakfast Club of North America.

**PRINCESS ELIZABETH BECOMES A 'FREEMAN'**—Princess Elizabeth is shown as she made an address after receiving the freedom of the City of Cardiff, Wales. The first woman to receive such an honor, the Princess won her audience by giving a simple talk on her "happy home life." The Lord Mayor of Cardiff is seated at the right.

**Owner Of 19 Dogs  
Disposed Of 14;  
Faces More Charges**

The pack of 19 dogs which Frederick George Smith, 3502 Calumet Street, Saanich, had three weeks ago, all unlicensed, has been thinned down to five, Magistrate H. C. Hall was told in Saanich police court Thursday afternoon.

Mr. Smith had been given two remands by the court to dispose of his canine pack. Aided largely by a pictorial story in the Times last week he managed to dispose of many to citizens at moderate prices.

The owner avowed: "I will not murder the dogs, but will sell them for practically nothing."

The court has leaned over backward to help Mr. Smith out of his trouble. Ordinarily license fees required and fines for not having his dogs licensed would have cost the owner a considerable sum.

Magistrate Hall agreed with C. L. Harrison, Saanich prosecutor, that while Mr. Smith, who is a pensioner, should be punished for his delinquency in this case it would be a lenient one. A fine of \$5 was imposed. The owner, however, is not out of the woods yet. There are still five dogs in his possession and unless he gets rid of them by next Thursday or has them licensed he will appear in court and again be charged with having unlicensed dogs. The fine is equal to the dog license fee, which is \$5 for females and \$1 for males.

After this Mr. Smith still was not finished with the court for the day. A charge was read against him for having built an eight-foot-square building on his property without first having secured a permit to do so.

**Stage Dance Review  
To Aid Blind Baby**

To aid in financing an eye operation for the blind, 15-month-old daughter of a young Victoria couple and to provide funds for other charitable purposes, the Lions Club is sponsoring the annual Wynn Shaw dance review, "Steps to Stardom," June 21 and 22 at the Royal Theatre.

The blind baby, known only as "Baby Lillian," is now in hospital undergoing a series of operations which may give her sight. The Lions Club has undertaken to pay the child's hospital expenses and a city eye specialist will perform the operations without charge.

Club officials say doctors, who have examined the child, believe there is a 50-50 chance that the operations will prove successful. The first operation has already been performed. Three more will follow.

**Battle Looming  
In Commons Over  
Freight Rate Issue**

OTTAWA (CP)—Unless government strategy heads it off, a new parliamentary battle over freight rates is likely to develop before the end of this month.

But party members say it is not expected the new tussle will come anywhere near the proportions of the April crisis that threatened briefly to topple the government over the explosive issue.

Renewal of the controversy, according to these informants, will crop up when Prime Minister Klegg introduces a bill to reorganize the Board of Transport Commissioners.

The government had been asked by some Commons members—and by some provinces—to set up a Royal Commission on railways. The provinces requested, too, that pending the commission inquiry, the government should withdraw the board's 21 per cent freight rate increase and meet any railway needs by subsidy.

Liberal members of the Commons said the government's transport board reorganization, announced this week, was as far as the cabinet intended to go toward meeting these three requests.

The reorganization calls for the placing of an Exchequer Court judge at the head of the board, and the first appointee will be Mr. Justice M. B. Archibald, now on the Nova Scotia Supreme Court bench. There is some expectation that, as soon as he takes over, the government will widen the scope of the general freight rate inquiry it has ordered the board to undertake.

While members of the C.C.F. and Progressive Conservative parties said their parliamentary groups were distinctly dissatisfied with the government's compromise proposal, they were uncertain they would be able to start much of a fire in Parliament at this stage of the session, with the Commons rushing through a heavy legislative program for prorogation by June 26.

**Assert Some Try  
To Keep Tourists  
From Up-island**

Despite recent efforts by the Associated Boards of Trade of Vancouver Island to have those who are in daily contact with traveling vacationists boost tourist attractions in island centres other than their own, there is still a persistence by some to try and hold on to tourists who come their way.

Victoria, in this regard, is one of the worst offenders, says Geoffrey Edgelow, chairman of the tourist trade group of the Victoria Chamber of Commerce. "It isn't right that we discourage tourists from going up-island in the hope that they will spend longer in Victoria. Those people who try are only creating a bad feeling between Victoria and up-island cities."

Recently, he said, officials of the Courtenay-Comox Board of Trade and the Campbell River Board of Trade came to Victoria and posed as American tourists. They made inquiries at a service station and at their hotel to see if it would be worth their while to go up-island.

"At both places they were told not to try because the roads are bad," Mr. Edgelow said.

"After having just completed a trip up-island myself, I can say that roads are not bad. In one or two places repair work is being done, but even here the surface is not bad and there is no difficulty in getting through," said Mr. Edgelow.

"You can drive from Victoria to Courtenay (a distance of 141 miles) between four and four and one-half hours without going over 40 or less than 20 miles per hour."

There is no reason why people here should dissuade tourists from going up-island, Mr. Edgelow maintains. There is nothing to benefit by such a practice. "City merchants certainly won't benefit," he says, "because the people up-island are going to feel hostile and will do their business in Vancouver instead of coming to Victoria."

"Tourist trade is the bread and butter of many up-islanders and if people here try and stop them from getting their share, they are going to feel hostile toward Victoria," he said.

"Only by boosting this island as an island are we going to get anywhere," Mr. Edgelow stated.

**SAANICH FLOOD RELIEF FUND**

The Saanich Board of Trade has been authorized to obtain funds for flood victims.

A concerted four-day drive will be held in Saanich to raise these funds.

Storekeepers throughout the Municipality will be asked to supply desk space for canvassers on Saturday, June 12, Monday, June 14, Tuesday, June 15 and Wednesday, June 16.

Ward Councillors have been appointed Captains of their respective Wards. Fred Riley will operate Headquarters Office at the Municipal Hall, Royal Oak, and an urgent request is made to citizens and all goodwill organizations to volunteer to accept contributions at a store desk for a period of not more than five hours per day.

Will you kindly contact your Ward Councillor with an offer to help?

There will be no house-to-house canvass.

**Canadians Played  
Big Part In War  
Against Robot Bombs**

Four years ago, on June 15, 1944, the Germans launched their first robot bomb attack on England, and before the sites from which the bombs had been launched were overrun by the Allies, mostly the Canadians, more than 8,000 missiles had been directed across the English Channel.

Although one-quarter of this number failed during flight, 2,300 reached the London area. Canadian troops played an important part in the war against the robot bomb. Anti-aircraft gunners, before leaving England for the continent, pounded away at the bombs as they winged erratically over the southern counties.

On the continent, the Canadian army fought a series of bitter battles for the Channel coast ports from which the bombs were being launched. Le Havre fell on Sept. 12, Boulogne on the 20th, Cap Gris Nez on the 29th, and Calais, after several days of stubborn vicious resistance, on the 30th.

## Mrs. R. Ditchburn Heads Alumnae

Mrs. R. Ditchburn was named president of St. Joseph's Hospital Alumnae, in annual meeting, Wednesday at the Nurses' Home. Other officers are Mrs. I. Moore, first vice-president; Mrs. J. Maltman, second vice-president; recording secretary, Miss P. Driver, corresponding secretary, Miss B. Arac; treasurer, Miss E. Chung; councillors, Mesdames H. Gandy, R. Kersey, N. Robinson, G. Hutchinson; statisticians, Miss H. Cruickshank; refreshments, Mrs. W. Moore; program, Miss G. Sanders; press, Miss C. Harrington.

Honorary president is Sister Rose Mary, and honorary vice-president, Sister Mary Gregory. A donation of \$50 was made to the Flood Relief Fund and it was decided to hold future meetings the first Tuesday of each month.

Tentative plans were discussed for celebration of the 100th anniversary of the founding of the community of the Sisters of St. Ann; the 75th anniversary of the opening of St. Joseph's Hospital and the 50th anniversary of the opening of St. Joseph's School of Nursing, which will take place in 1950.

Following the meeting Sisters of St. Ann entertained members and their guests. Refreshments were served and a social hour enjoyed.

## Summer Frolic

Spencer's Sports and Social Club close their season next Tuesday evening with a summer frolic at the Crystal Garden, from 9 until 1. Bert Zala's orchestra will play for dancing. Acting as hostess for the evening will be Mrs. P. Partridge, personnel manageress at the store. Committee in charge of arrangements is Miss Flo Larkin, Mrs. Kay Kerr and Ronnie Gleaves.

## Entertainment A Feature Of Banker's Convention

Left to right, Mrs. A. H. Bingham, Cedro Wooley, Wash., Mrs. A. J. Ross, Victoria, Mrs. E. G. Startup, Everett, Wash., and Mrs. J. C. Thow, members of the entertainment committee at the Washington Bankers' Association convention at the Empress Hotel, yesterday and today.

## Plan Garden Fete For Nursing Home

St. Andrew's Presbyterian Welfare Association and the Pas-a-Pas Club of First United Church are sponsoring a garden fete on June 23, from 2.30 until 5 o'clock, in the grounds at the Victoria Nursing Home, Gorge Road.

Entire proceeds from the affair will be used to redecorate the lounge at the Home, to help brighten the darker days of winter for 40 aged men and women there.

The nursing home, known to many Victorians as the old Crow-Baker residence, was built over 73 years ago and has many interesting architectural features. It will be open for inspection throughout the afternoon of the fete.

Many attractions are being planned, including dances on the lawn by the Adeline Duncan Highland Dancers, also stalls for home cooking, candy, white elephant and novelties.

Mrs. C. C. Warren is general convener of the affair.

## Lieutenant-Governor To Tour Flood Area

His Honor the Lieutenant-Governor and Mrs. Charles A. Banks crossed to Vancouver on the afternoon boat yesterday and on Sunday will be taken on a tour of the flooded areas of the Fraser Valley. While in the mainland city, His Honor and Mrs. Banks will occupy their suite at Hotel Vancouver.

## President Honored By Members Of Club

To honor Mrs. Daisy Protheroe, president of the Chatelaine Club, who is leaving shortly with her husband and family to reside in Wales, a banquet was held at the Wishbone Cafe, Wednesday evening, by the Chatelaine Club. The table was centred with flowers and a cake especially decorated for the occasion. The guest of honor was presented with a corsage bouquet and later in the evening with an inscribed gold compact as a going-away gift from club members. Following the banquet the party retired to the clubroom in the Y.W.C.A. where a tea-party reading was enjoyed. Among those present were: Thelma Clark, Rose Daly, Dorothy Davis, Dorothy DeCosta, Dorothy Dempster, Linda Hanford, Edythe Holdsworth, Shirley Hughes, Alma Keen, Gladys Portingale, Marge Redgment, Esther Stott, Nancy Wadsworth and Eleanor Waterman.

Lt.-Col. and Mrs. D. M. A. Moore of Vancouver are guests at the Clive Apartment Hotel, Oak Bay.

Mrs. Robert Eadie arrived from Montreal recently to visit with Mrs. George Hall, Belmont Avenue. Mrs. Eadie is a sister of Miss Isla Adams, Franklin Terrace. Her husband, Mr. R. S. Eadie, will join her in Victoria next week.

Mr. and Mrs. J. F. MacLaren of Toronto are visitors in the city and are staying at the Empress Hotel.

Richard Bruce were the names given the three-month-old son of Mr. and Mrs. Bruce Milburn at a christening ceremony Sunday afternoon in St. Matthew's Church, Langford. Rev. H. J. Jones officiated at the ceremony, and godparents for the baby are Miss V. Savage, Mr. F. Young and Mr. E. Milburn. Following the service tea was served at the home of the baby's grandparents, Mr. and Mrs. Thomas Milburn, Esquimalt Lagoon.

At the wedding tonight of Miss Jean Louise Holland and Mr. A. Leslie Stevens will be a number of out-of-town guests. From Seattle will come Mr. and Mrs. Fred Holland, Mr. and Mrs. J. Stanmore, Mrs. R. Beckman, Mrs. Elaine Brassfield and Miss Dolores Howland. Vancouver guests include Mrs. Sidney Barber, Mrs. J. Kilgour, Mrs. J. Meier and Mr. Walter Moore. Miss Alma Malcolm and Miss Dulcie Malcolm of Comox will also attend.

Miss Margaret Ord, the future Mrs. Alan Hall, was honor guest when Mrs. N. C. Pecknold entertained with a shower at her home Monday evening. Gifts were arranged under a pink and white decorated umbrella, and with them the bride-elect received a corsage bouquet of roses. Her mother, Mrs. Edward Ord, and the groom-elect's mother, Mrs. Margaret Hall, also received corsage bouquets. Mrs. P. A. Fecteau presided at the refreshment table which was centred with a bowl of red roses. Guests included Mesdames A. Fallowfield, J. M. Jickling, R. Hallam, I. Moore, Eastland, D. Jickling, P. Carey and the Misses Thelma Mills, Barbara Kirby, Chrissie Griffith, Betty Clark, Betty Dingwall, Kay Stromkins, Gwen Pready, Yvonne Pready and Lillian Jacklin.

## Mr. And Mrs. R. F. C. Boulden Motor South For Honeymoon

A motor trip to California is the honeymoon planned by Eltona Mary Dendoff and Ronald Fredrick Charles Boulden, who were married yesterday evening in St. John's Anglican Church.

Tall baskets of snapdragons and lilies decorated the church for the candle-lit ceremony at which Rev. George Biddle united in marriage the daughter of, Alf Dendoff of 1862 Chestnut Avenue and the late Mrs. Dendoff, to the son of Mrs. J. Knowles, 1052 Topaz Avenue.

Taffeta gowns were worn by the bride and her attendants, Mrs. J. Clarkson, who was maid of honor for her sister, and little Noreen Clarkson as flower girl.

The bride's gown was traditional white, featuring a brocaded yoke and peplum effect at the waist extending into a train. To a floral headpiece of swansons was attached her full-length double-tier embroidered veil. She carried a shower bouquet of rapture roses and swansons centred with a white orchid.

Mrs. Clarkson was gowned in blue taffeta fashioned with a peplum split neckline and three-quarter length sleeves. Her pearl grey halo hat matched her gloves and she carried a cascade bouquet of carnations and pink stocks.

For her flower girl role, Miss Clarkson wore pink taffeta with a net yoke, and carried a basket of pink and mauve sweet-peas which matched the flowers in her hair.

Ted Boulden was best man, and ushers were Roger O'Connell and David Pye.

The bride's godmother, Mrs. Lou Eastwood, assisted Mrs. Knowles in receiving the 100 guests who attended a reception at Terry's Rose Room following the ceremony. The bridal table, covered with a cut-work linen cloth, was centred with a three-tier square wedding cake topped

## For Flood Fund

A sum of \$95 realized at a successful rummage sale sponsored by the Junior Auxiliary of St. Joseph's Hospital in Prince Robert House, last Saturday, has been donated to the Flood Relief Fund. Miss Hilda Smith was convener of the sale.

## Theresa Perkins Jensen Opens Dancing School

Theresa Perkins Jensen, formerly of Montreal and Nanaimo, and danseuse with 15 years' professional experience, has opened a smart new studio at 802 Esquimalt Road.

Miss Perkins performed in over 500 shows for servicemen during the war. She was a member of the "Northern Stars" troupe from Vancouver which toured the United States and British Columbia. For the past year she has had a dancing school in Nanaimo.

## WIN A DIAMOND RING in Jameson's Diamond Jubilee Contest

THIS WEEK'S QUESTION  
What cargo did the St. Tynemouth discharge at Esquimalt in 1907?

LAST WEEK'S WINNER—  
Mr. Henry T. Dods, Duncan

Send your answer with the bottom from a Jameson one-pound tin or coffee package to W. A. Jameson Coffee Co. Ltd., 314 Broughton St., Victoria. A Diamond Ring in sterling silver presentation case will be given to the winner for each week, and you may easily win as the contest is limited to Vancouver Island. Judges' decision will be final. A new contest each week until June 30.

## Welfare Experts Urge Government Sponsorship

HAMILTON (CP)—Overburdened and under-financed private social service agencies should look to government sponsorship for relief, two welfare experts Wednesday told a "community chests" meeting of the Canadian conference on social work.

W. H. Dewar, executive director of the Community Chest of Greater Toronto, said that in some areas private services—and particularly the children's agencies—found themselves loaded with more work than they could handle.

In the opinion of R. E. G. Davis, executive director of the Canadian Welfare Council, community chests should be like "escalators," taking in the private agencies at the bottom, develop-

ing them to the point where they were widely used and well understood by the public and then, at the top, pushing them off to government sponsorship.

A meeting of juvenile court judges also took place when tentative plans were made for an association of juvenile and family court judges.

Delegates decided to try setting up the new organization on a regional basis. Judge Hudson undertook to get in touch with juvenile court judges in British Columbia.

## King's Daughters Arrange Buffet Tea

The King's Daughters have arranged a buffet silver tea, to be held in the new rooms, 725 Courtney Street, the afternoon of June 19. Proceeds will be used for work of the group. Miss Kathleen Roberts, president, will receive the guests and an opportunity will be given to inspect the rooms. Convener of the affair is Mrs. W. Bremner.

## Soroptimist Club Names Officers

Officers named for the coming year at the annual meeting of the Soroptimist Club of Greater Victoria are Mrs. Alice Robertson, president; Miss Ella Walker, vice-president; Miss Rae Kirkendale, second vice-president; Miss Clarice Gray, corresponding secretary; Miss Nell Jones, recording secretary; Miss Marion Storey, treasurer; Mesdames A. Pearson, S. Clarke and L. Greenslade, directors.

Mrs. Alice Kimmett, retiring president presided at the meeting held in the Broughton Street clubroom on Monday, and plans for an installation dinner at the Empress Hotel on June 23, were made. It was also decided to hold a rummage sale in the market place on July 3.

A report of the T.B. seal campaign, sponsored by the club, was given, with proceeds shown at the time of the audit in April as approximately \$12,596.17.

Refreshments were served following the meeting.

## Women's Institutes Help Flood Victims

Delegates to the provincial convention of Women's Institutes, held in Vancouver last week, made plans for an institute flood fund campaign. It was arranged that each institute in the province should collect individually and that cheques would be sent as early as possible to the treasurer, Mrs. R. Doe, Salmon Arm, B.C. This campaign is of vital importance, as many members of Women's Institutes are themselves flood victims.

## Bainbridge Island Party Visits Rotary Club Here

Members of the Victoria Rotary Club had as guests at their regular Thursday luncheon meeting in the Empress Hotel Ronald Donaldson, president-elect of the Bainbridge Island Rotary Club; Mrs. Donaldson, and the "royal court," which will preside over the island's annual Strawberry Festival to be held this coming Saturday and Sunday. In the hotel conservatory, following the meeting, left to right: Jeffrey Arnott, president of the Victoria Rotary Club, who was host to the visitors; "Princess" Carolyn Hanson; "Queen" Sally Welfare; "Princess" Betty Erickson; Mr. Donaldson and Mrs. Donaldson.

## Fisheries Post Goes To Mayhew

OTTAWA (CP)—Prime Minister King today announced the resignation of Hon. J. A. Glen as Resources Minister and a shuffle in the cabinet.

Mr. King, who also announced several changes in the line-up of parliamentary assistants, said Hon. James A. MacKinnon had resigned as Minister of Fisheries and would succeed Mr. Glen as Resources Minister.

R. W. Mayhew, Liberal member for Victoria, B.C., and parliamentary assistant to Finance Minister Abbott, succeeds Mr. MacKinnon in the Fisheries Department.

Robert Winters, Lib., Queens-Lunenburg, N.S., parliamentary assistant to Revenue Minister McCann, has been appointed parliamentary assistant to Transport Minister Chevrier.

Thomas Reid, Lib., New Westminster, parliamentary assistant to the Fisheries Minister, succeeds Mr. Winters as assistant to Dr. McCann. Mr. King said he thought it advisable for the Minister of Fisheries to come from British Columbia.

## FISHERIES ASSISTANT

J. Watson MacNaught, Lib., Prince, P.E.I., succeeds Mr. Reid as parliamentary assistant in the fisheries department.

Leslie Mutch, Lib., Winnipeg

South, has been appointed parliamentary assistant to Veterans Affairs Minister Gregg. He succeeds Walter Tucker, Lib., Rosetown, Sask., who resigned recently to lead the Liberal Party in Saskatchewan.

Mr. King said that Mr. Glen, 71, has been in ill health for some time. He telegraphed his resignation recently from Winnipeg.

Mr. Glen said his doctor had informed him that his illness may be protracted for an indefinite period. He felt he should resign so that his absence from the department would not delay urgent business. He expressed the deepest regret that his health had forced him to resign.

## Vedder Dike Holds Back 25-Foot Wall Of Water

Looking south along the Vedder Dike, which is preventing the Fraser River from flooding thousands of acres of farm land on the Fraser Delta as far south as Bellingham, Wash. This picture was taken from an R.C.A.F. flying boat late Thursday on one of its patrols over the flooded areas. In the lower left corner of the picture can be seen some of the workers who are constantly checking the condition of the dike. (See Pages 2 and 10 for other pictures.)

## 150 Drown As Danish Passenger Vessel Strikes Mine, Goes Down In 10 Minutes

AALBORG, Denmark (AP)—About 150 Danes drowned today when the passenger vessel Kjoebenhavn struck a Second World War mine and blew up in the Kattegat.

The vessel, carrying 400 passengers, went down 10 minutes after the dawn explosion had ripped her apart. Scores of sleeping passengers were drowned in their berths. Many saved their lives by diving from the deck of the sinking vessel.

The 1,668-ton steamship, owned by the United Steamship Co. (D.F.D.S.), was en route from Copenhagen to Aalborg, Jutland.

**SURVIVORS LISTED**  
The company published the names of 261 survivors, some of them crew members. Spokesmen expressed fear the rest all were drowned.

Divers went to work quickly, but long after they had begun their search, there were no reports that any new survivors had been picked up.

Rescue crews said nine corpses were picked up by patrolling craft at sea.

The Danish State Railway put three extra trains into service from Copenhagen to Aalborg, ordered to stop en route to pick up relatives who would be carried to northern Jutland free of cost.

One official said about 200 of the passengers probably were asleep in their berths when the explosion occurred. The rest were traveling steerage and most of them spent the night in deck chairs.

When news of the disaster spread in Copenhagen flags were lowered half-mast on all ships in the harbor. Aalborg City is also in mourning.

The Danish state radio canceled its regular programs to send out news bulletins of the disaster.

The first vessel to reach shore from the scene of the disaster was the Danish tanker Dangulf Lubé, which carried 13 severely wounded.

The Kjoebenhavn was voyaging between Copenhagen and Aalborg when she hit the mine. Aalborg is northwest of Copenhagen, across the Kattegat.

The company said the ship

went down in 10 minutes, four miles south of the Aalborg Bay lightship in the northern part of the Kattegat. Early reports to the company, it said, indicated only two lifeboats were lowered before the vessel sank.

The master of the mined ship, a Capt. Kill, said when the mine was struck many passengers were hurled into the sea.

"It was a terrible experience," he said, "but there was no panic among the passengers. They behaved with admirable calm."

The steamship Fregga took off 220 passengers.

Three of the first five bodies picked out of the sea were those of women.

Divers were working in the wreck, trying to bring to the surface bodies of passengers believed to be trapped.

King Frederik telegraphed the steamship company: "The Queen and I express our deepest sympathy on the occasion of the loss of the Kjoebenhavn."

**Lake Yields Body**  
PENTICTON (CP)—Body of Robert D. Mutch, 32-year-old fruit rancher, charged with the ironbar slaying of his wife and two sons, has been recovered from Dog Lake.

Clad in pajamas and overalls, the body was found by police Thursday night after 10 hours of dragging operations. Earlier, his car had been found on the shore.

The bodies of 43-year-old Mrs. Mutch and her two sons, Robert, 18 years old, and Grant, 14, were found in their ranch home near Kaleden Corner, near here, Wednesday. The rooms were blood-spattered and bed mattresses afire.

## Milk To Cost Consumer Here 2 Cents More

Milk will cost 2 cents more a quart in Victoria, Duncan, Nanaimo and Vancouver starting next Wednesday.

This was announced by E. C. Carr, the province's one-man milk board, following a meeting of the cabinet today.

An adjustment in milk prices in the four areas has been under consideration for some time and increased costs of production are one of the main factors behind the rise in price.

Vancouver Island producers will gain 55 cents on each 100 pounds of milk produced. The rate to primary producers will be \$4.65 a 100 pounds instead of \$4.10.

Producers for the Vancouver market will gain 50 cents a 100 pounds, making the rate \$3.95 from \$3.45.

The adjustments will bring returns of approximately 77 cents a 100 pounds pounds which assures gains for milk dealers as well as producers.

Island dealers will get the difference between 77 and the farmer's 55 cents boost, which is 22 cents a 100 pounds. The Vancouver dealers will get more—27 cents a 100 pounds.

The milk dealers' margin has been slightly higher in the island

areas than in Vancouver, Mr. Carr said in making the announcement.

There will not be any adjustment in the differential paid on milk containing more or less of 3.5 per cent butterfat, he stated. This rate will remain at 6½ cents a hundred pounds for each one-tenth of one per cent of butterfat above or below 3.5 per cent.

The last increase in the price of milk was made in November, 1947, when the rates were accepted, with minor reservations, as fair and reasonable, Mr. Carr said.

However, just as these rates became effective the federal government discontinued payment of the hold-back or subsidy on feed grains and also removed the ceiling prices on such feed.

"It was upon this fact," said Mr. Carr, "and also the fact that other costs affecting the production of milk had advanced materially since November, particularly the cost of living which directly increases the cost of labor, that the primary producers based their application for further adjustment in the rate they are receiving."

**MILK PLANT LOSSES**  
Milk dealers also made representations for adjustments, and in support of their applications submitted statements showing losses in operation of milk plants since the last boost in prices was made.

The late, cold wet spring has proved costly to producers, Mr. Carr added. The unusual weather has retarded growth of pasture which has necessitated a longer period of winter feeding. Producers in the Fraser Valley, of course have been hardest hit with many finding their lands under water.

"Careful consideration has been given to all points in the matter of milk supply," Mr. Carr said. "In coming to the decision to increase prices, the board is not unmindful of the position of the consumer."

Standard milk in Victoria now costs 17 cents a quart. The price is 18 cents in Sydney, St. John, Toronto and Halifax, he said.

One hundred and twenty workers have been laid off from jobs for an indefinite period because the Victoria firms for which they work are unable to bring necessary material here or are unable to ship their products away because of the current rail tie-up caused by mainland flood conditions, C. A. Mudge, manager of the National Employment Service here, said today.

R. L. Challoner, managing director of the Western Match Co., announced this morning that 50 employees of the Esquimalt factory would be laid off this evening until such time as the rail freight embargo is lifted.

There are two carloads of pine blocks stranded at Hope which are intended for the factory here, Mr. Challoner said. In addition, there are three carloads of matches here, awaiting shipment to the east.

William McCarter Jr., assistant manager of the McCarter Shingle Co. Ltd., reported his plant would shutdown tonight. This mill employs some 40 persons. Some will be kept on during the shutdown for maintenance purposes, however.

## 120 Persons Out Of Work Because Of Rail Tie-Up

"We will start operation again just as soon as freight cars start running from Vancouver," he said.

## TO CLOSE MILL

A spokesman for the Horton Cedar Manufacturing Co. Ltd. also reported a close down of the mill starting tonight. This mill also employs about 40 persons.

"We would go on producing if we had the storage space," it was noted. "But we have already used up all available room."

B.C. Forest Products report they will carry on without a stoppage of production as they have sufficient export orders which can be sent by ship.

"In the meantime, our invoices are stacking up so we have plenty of work to do," the plant manager said.

Manning Timber Products Ltd. also reported a concentration being made on export shipments. The manager here reported the firm would grant its employees their summer holiday time if the rail freight embargo continued for any length of time and it was found there was not sufficient work to carry on.

**RIO THEATRE**

After 106 years as one of the favorite literary classics of the sea, Richard Henry Dana's "Two Years Before the Mast" screened by Paramount is now at the Rio Theatre.

The picturization of Dana's famous novel of the hardships and cruelties inflicted on seamen in the early eighteenth century is enacted by an excellent cast headed by Alan Ladd, Brian Donlevy, William Bendix and Barry Fitzgerald.

**YORK THEATRE**

Alan Young, popular young radio comedian, makes his motion picture debut in Twentieth Century-Fox's technicolor comedy, "Margie," which is now at the York Theatre. Born in England, Young lived most of his 24 years in Canada until he was accidentally discovered by Frank Cooper, Sinatra's manager.

**CAPITOL THEATRE**

Robert Taylor's flying ability came in handy for Curtis Bernhardt, who directed him in his newest picture, "High Wall," now showing at the Capitol Theatre.

When the director was informed that his 10-year-old son, Steven, had been injured in a fall from a horse, while staying at a boys' camp near Big Bear Lake, Calif., he was anxious to get the boy home.

After winding up their day's work on "High Wall," Taylor flew his director to the camp and then flew back with young Steven, who was examined by a physician and found not to be seriously hurt.

**ROYAL THEATRE**

Heralded as the laugh picture of the year, "Sitting Pretty," Twentieth Century-Fox's new comedy starring Robert Young, Maureen O'Hara and Clifton Webb is currently at the Royal Theatre with an outstanding support.

**This Land Will Be Flooded If Vedder Dike Breaks**

Thousands of acres of rich farm land will suffer if the Vedder dike, shown in the background, gives way under the terrific pressure of the Fraser River. At the top right are the flooded areas in front of the dike. All the buildings there are under water. This picture was taken Thursday from an R.C.A.F. flying boat, which was on a reconnaissance patrol.

**Ambitious Effort Brings Adjudicator's Admiration**

By AUDREY ST.D. JOHNSON

The adjudications of Miss Dorothy Somerset, director of drama for the University of British Columbia, have made the past four days of the drama festival interesting and instructive, not only to the teams and their directors, but to the audience. Such analytical comments as hers have the effect of lifting the standard by teaching audiences what to look for when they go to the theatre, as well as the casts and directors what they must do and not to do when they go on the stage.

The three plays seen Thursday night at Victoria High School were ambitious efforts and thoroughly good festival material. Miss Somerset has made it clear that she prefers an ambitious choice that does not come off to a trivial play done fairly well.

**DUNCAN UNITED**

"The House With the White Windows" by Mary Pankleton  
Presented by Young Adults' Group of Duncan United Church under the direction of Miss Alice Corton.

Cast: James Roger K.C., Brian Carson, Charlie Giv, Don Campbell, Teresa, Lady Pankleton, Mary Williams, Heather Sorrell, Joan Masters, Anne Sorrell, George Morris, Derek Moore, Bill Powell, Stephen.

"An extremely difficult play" said Miss Somerset, pointing out that it depended almost entirely for its success on the creation of an atmosphere of terror of the unknown. Also, toward the latter part, when the fairy story is told, there is a complete change of mood and this must be handled with care.

porting cast headed by Richard Haydn and Louise Allbritton.

**Ma Kirby**, a little stiff and obviously acting at first, did an excellent job once she got into the family car; (four chairs grouped in the middle of the stage). She caught the full meaning and effect of the character and had a pleasing variety of tone and pace. "Pa" and "Arthur" were satisfactory; "Caroline" was a nice, natural young girl. The last scene which is sometimes omitted because it changes the mood of the play rather dangerously, was well handled in this case, as "Beulah" played the scene well without too much sentimentality. Miss Somerset called it, on the whole, a most enjoyable presentation.

**LADYSMITH CLUB**

"From Five to Five-thirty" by Philip Johnson.

Presented by Ladysmith Club 44 under the direction of R. Groubal.

Cast: Edith, Florrie Brinham, Katie Boxer, Alice Alkinson, Gerlie, Millie O'Mara, Mrs. Trevelyan, Betty Buckner, Alice, Bobbie Baker.

This was an interesting play with a good dramatic situation and denouement, said Miss Somerset. The lines were intelligently delivered and really got over but the play missed fire for one reason which was faulty grouping combined with too little planned movement. This caused the performance to appear static and monotonous.

It is essential that movement on the stage should be definite, yet easy and natural at the same time. The characters stood and talked in one position for too long. The adjudicator was particularly pleased with "Katie Boxer" who gave a well developed characterization and showed a good sense of comedy.

The soloist during the intermissions was Miss Adele Gault who sang several numbers accompanied by her mother, Mrs. B. Gault.

**WILL PICK WINNERS**

Tonight, the last of the week's plays will be presented, after which Miss Somerset will announce the three she has selected for an Honor Performance tomorrow. Commencing at 8 at Victoria High School, the School of Theatrical Arts will present "In Waltz Time" and another Victoria group, The Vagabonds will give "The Illusionist."

Flood conditions on the mainland have brought about a change on the program and instead of the Sea Island Players, the Gordon Neighborhood Players are coming from Vancouver with Gertrude Jennings' popular comedy, "Between the Soup and the Savory." The Misses Muriel and Vivien Trimble will provide music for the intermissions and tomorrow night John Beckwith will give a short program of piano solos.

**Odeon Movie Club Feature At Plaza**

A wholesome, exciting and heartwarming story about the Australian bush country.

A family of children, riding home from school for the Christmas holidays inadvertently give information to some horse thieves about their father's prize mare. The mare is stolen and the children set off to track the thieves through the wild country of the Warrigal range.

This picture is notable for the superb photography of the wild mountainous woodlands and the engaging, completely natural performance by five youngsters.

Six-year-old Nicky Yardley will win the heart of everyone that sees the picture. The kiddies' adventures in the wilds are filled with delightfully humorous touches, such as being forced to cook and eat snakes. The suspense builds slowly but surely until it reaches fever pitch at the climax.

This is the first feature picture to be released for Canadian showing especially for the Odeon Movie Club, and was made by the children's film department of the J. Arthur Rank organization. This feature will be shown at the Movie Club meeting Saturday morning at 9.30 at the Plaza Theatre, and will not be shown to regular patrons.

## Victoria Minister Complains Against Tax Regulations

TORONTO (CP) — Ministers protested Thursday against federal income tax regulations as the 74th General Assembly of the Presbyterian Church in Canada concluded its deliberations that had lasted eight days.

Rev. J. L. W. McLean of Victoria complained that some ministers paying rent for manses not owned by their churches have higher taxable incomes than ministers living in church-owned houses.

He moved that the income tax department at Ottawa be notified of the situation and his motion was referred to the administration board for consideration.

The assembly authorized appointment of a missionary-at-large to work among Presbyterian churches in Quebec and New Brunswick. A sub-committee of the board of missions will also be set up to direct French-Canadian missions.

Dr. Stanford Reid of Montreal opposed a General Assembly committee report on the Calvinist Doctrine of Predestination.

The famous Westminster Confession of Faith outlines the doctrine: "Some men and angels are predestined to everlasting life and others foreordained to everlasting death." A committee was set up last year to interpret this article of faith.

The committee's report said the predestination doctrine "is causing much concern among our people." It said man was elected to Heaven through Christ. Who died on the cross to absolve all man's sin. Only unbelievers might be eternally damned.

Dr. Reid said the report "differs with the doctrines of the church" and suggested that the Westminster Confession of Faith be the final authority on predestination.

## Floods Delay Delegates To Universities Meeting

VANCOUVER (CP) — The National Conference of Canadian Universities opened Thursday under the chairmanship of Dr. Norman MacKenzie, president of the University of British Columbia.

Only 35 delegates were present. Fifty others were delayed on a C.P.R. train which was held by high water at Salmon Arm, east of Kamloops.

The conference passed a resolution asking the federal government to provide loans and scholarships to needy students, in addition to those made by provincial governments.

A committee was set up to study the matter of international student exchanges.

The conference continued today.

## Romberg Life Story To Be Told In New Screen Play

By BOB THOMAS

HOLLYWOOD (AP) — Sigmund Romberg, Hungarian immigrant who became one of the world's richest and most famous composers, will have his life story told on the screen.

M-G-M, which already has filmed the biographies (or reasonable facsimiles) of Kern, Schumann-Brahms and Rodgers-Hart, plans a Romberg feature next year. It will be based on his own recollections and his forthcoming biography, "Deep in My Heart," with generous hints of his hardy operettas tossed in.

"Sixty-year-old Romberg says he is slowing down," he says. "I wanted to reform the world when I was young. Now I realize it can't be done, and I'm getting more rest." His idea of rest: conducting a weekly radio concert and writing a score for a new Broadway musical.

## B.C. TOUR OFF

Mickey Rooney is off to New York as soon as he finishes "Words and Music." His British Columbia tour didn't pan out, and Mick is now mulling with the idea of a South American jaunt.

Ronald Reagan was relaxing in his "Jones Beach" dressing room when a woman poked her head in the door and asked for his autograph. Ronnie obliged and the woman said: "Thank you; now can you tell me where Ronald Reagan's dressing room is? I want his autograph, too."

## Benefits Demanded For Ferry Widows

OTTAWA (CP) — A civilian force whose fatal war casualties were higher than 20 per cent asked the government Thursday to grant the survivors veterans' rehabilitation benefits.

John Pierce of Montreal, representing 240 former Ferry Command air crew, testified to the veterans' committee of the Commons that only one gesture had been made to them by the government. Widows had been brought within the Civilian War Pensions Act, but "due to the stringent and unfairly worded means test this has been of little value."

The committee was informed by Brig. J. L. Melville, chairman of the Pensions Commission, that out of 59 applications by widows of men who died flying warplanes overseas, only 16 had been granted pensions.

On behalf of 641 Red Cross girls who served overseas voluntarily at \$5 a week, Marguerite Roberts of Toronto asked rehabilitation benefits equivalent to those for veterans of the women's services.

## Chiropractors Study New Instruments

CALGARY (CP) — Demonstration of instruments that determine the presence and location of nerve pressure in the spine highlighted today's sessions of the Western Canada Chiropractors' Association convention.

Neurocalometer, neurocalograph and neurotempometer instruments were demonstrated by Dr. Lyle Sherman of the Palmer School of Chiropractic at Davenport, Iowa.

By noting temperatures in different sections of the spine, the instruments locate the nerve pressures which interfere with the normal transmission of mental impulses from brain cells to tissue cells of the human body.

At Thursday's session Dr. R. O. Muller of Toronto, dean of the Ontario Memorial College of Chiropractic, said the main problem facing chiropractic schools is the entry of new students without chiropractic experience.

Other speakers Thursday included Dr. J. S. Cluett of Toronto, president of the Dominion Chiropractic Council, and Dr. John Sturdy of Vancouver.

## Dismiss Charge Against Dog Owner In Saanich Court

In Saanich police court Thursday afternoon, Magistrate H. C. Hall dismissed the charge lodged against Walter C. Dionne, 944 Cloverdale Avenue, that he was carrying on a business, that of selling dogs, in a restricted zone.

Case was heard last week, George F. Gregory appearing for accused. He argued that his navy war veteran client was not in the selling business but merely raised dogs for shows as a hobby.

In summing up, the magistrate noted evidence was that accused each year disposed of litters of puppies either by selling them or giving them away. He noted last year accused had 10 pups, three of which he had given away, five sold through advertisements in the newspapers.

The magistrate did not think selling in such a small way constituted a business and ordered the charge dismissed.

Dionne, through counsel, pleaded guilty to failing to have a kennel license. A fine of \$10 was imposed for this offence. Mr. Gregory, however, noted accused two weeks ago applied to Saanich Council for a kennel license.

## 3 Services To Enroll Student Veterans In Special Branches

OTTAWA (CP) — Defence Minister Claxton today announced a plan to obtain 210 highly-qualified officers for the armed forces, to be chosen from among student veterans now attending universities.

Ten of them will get commissions in the navy, 125 in the army and 75 in the R.C.A.F.

Mr. Claxton said in a statement the plan is that accepted student veterans who will graduate in 1949 will receive permanent force commissions at the beginning of their final year at university.

The students will get full pay of a second lieutenant or equivalent. Tuition fees will be paid and allowances made for university books and equipment during the final year. This will be in lieu of monthly allowances payable under the Veterans' Rehabilitation Act.

Any veteran is eligible for the commissions, provided he has Second World War experience, a high physical standard and good academic standing.

On graduation, those chosen will step into full-time duty with the service in which they have been accepted.

## Plane Disappears

CASTLETOWN, Isle Of Man (AP) — A plane carrying a pilot and seven passengers overshot the runway at the Ronaldsway airport here Thursday night, zoomed into the air and disappeared.

The R.A.F., volunteers and lifeboats in surrounding waters failed to find any trace of the plane or its occupants in a night-long search.

## Rush And Strain Hard On Nerves

Often keyed-up nerves cause restlessness, irritability and even nervousness. If you suffer from keyed-up nerves then Milburn's Health and Nerve Pills may be of help.

Milburn's Health and Nerve Pills are a well balanced medicine for those who are run-down and may need a general conditioner to help build up the system. They stimulate the nervous system, improve the appetite, aid digestion and thus help promote refreshing rest. Get Milburn's Health and Nerve Pills at your nearest drug store today. Accept no substitutes. Look for the trade mark the "Red Heart".

The T. Milburn Co. Limited, Toronto, Ont.

## YOU CAN TAKE IT WITH YOU!

When you travel this summer don't let worry about the safety of your money mar your trip.

B of M Travellers Cheques are your safest and surest way of carrying money... and they are as convenient as cash.

Here's how they work: Travellers Cheques are just like 20, 50 and 100 dollar bills, except that they're not legal without your signature!

Suppose you take \$200 with you. You can, for example, buy five \$20 cheques and two \$50 cheques... total, \$200. When you buy them... you sign at the top. When you cash them you sign at the bottom.

Simple... and safe. The person who cashes them can see immediately that the signatures compare, and he knows that they are your cheques. If lost, they are useless to the finder.

This summer, take it with you... SAFELY

Most important—Travellers Cheques sold by the B of M can be cashed at any bank... anywhere.

## Play In Flood Relief Game At Nanaimo

BRENTWOOD ACES

With the proceeds to be turned over to the B.C. Emergency Flood Relief Fund Aces will travel up island Sunday to battle an all-star nine from Nanaimo senior B softball league. Game will start at 6.45 and will feature a big sport show and pageant. Players from left to right, back row: Brian Slugg, Billy Benn, John Furmeston, Ronnie Benn, Frank Kilshaw and Les Wilson; front row: Rom Knott, Phil Benn, Harold Yardley, Ray Hough and Willie Turner. The bat boy is Garry Whitten. Kelly Slater and Tommy Duncan were absent when the picture was taken.

## Unheralded Worsham In Tie With Hogan

LOS ANGELES (AP)—Tournament favorite Ben Hogan and defending titleholder Lew Worsham were equal pacesetters today as the field teed off in the second round of the United States Open golf championship.

Their opening-day 67s chopped four shots off par for the long and exacting Riviera course, but the sterling links performances told only half the story. The other half was the exclusive property of Worsham, the Oakmont, Pa., pro who crossed up the experts for the time being.

Worsham won the crown a year ago at St. Louis and won it the hard way. He beat out Sam Snead in the playoff after the two had tied with a near-record 72-hole total of 282. In spite of that fine showing, Worsham's stock had fallen when the first-round firing began yesterday.

Hogan, practically the unanimous choice, came through with a fine 31-36 for his 67. Worsham, picked to finish anywhere from the 10th to 20th in the famed links derby, posted a 33-34

## Graziano Knew Nothing After Opening Round

NEWARK, N.J. (AP)—Tony Zale was as happy as a prepubescent boy who had just won his first fight after he lifted the middleweight crown from Rocky Graziano's head Thursday night.

Zale, the Gary, Ind., steelworker, just grinned and shook his head as he was introduced in his dressing room from all directions. When the tumult quieted down, though, the new middleweight champion—for the second time—answered the barrage of questions thrown at him.

"I knew I had him at the start from the way he reacted to the first punch," he said smiling. "I could have gone 15 rounds."

Someone asked Tony, who is 34, if he was thinking of retiring. "Retiring?" he repeated. "No. I'm not retiring, not when I feel so good. Rocky didn't hurt me a bit, not even in the second round when he got in a couple of punches. I finally finished him with a left hook."

Zale's co-manager and trainer, Art Winch, was more voluble. "We knew just what sort of fight Graziano would fight," he said. "When Graziano threw straight lefts and brought around his right, Tony weaved in under him, according to our plans."

YOUNG AT 34 "Sure, we know Tony's 34," chimed in Ray Arel, one of his seconds, "but at 34, he's a younger man than Graziano is at 26."

In Graziano's dressing room, the dazed ex-champ was stretched out on a table, with trainer Whitey Binstein hovering over him. The room was sweltering and the Rock was trying vainly to answer questions put to him by the sports writers.

"What was the punch that got you, Rocky?" he was asked. "I don't know," he answered in a voice that was barely audible. "It must have been in the first round because I don't remember anything after that."

"How about another fight with him?" "I guess so. I'll fight him anytime."

CANCEL BASEBALL CLASS The Saturday morning baseball school sponsored by the Minor Baseball Association will not take place tomorrow because of the threatening weather. It was announced today. Last week over 100 youngsters attended the opening class. Instruction will continue a week tomorrow.

## Athletics Win Thriller-Diller In 13th

Recca, Blankenship And Propst Stars As Spokane Taken Into Camp

What started out to be a routine ball game between Spokane and Victoria last night with Sal Recca providing the punch that gave the A's an early lead and little Jim Propst rolling along with a two-hitter until the seventh, wound up in one of the greatest finishes seen in the W.I.L. in the city in many a day.

Victoria won the ball game, 6 to 5, but it took 13 long innings. And all the thrills, excitement and desperate strategy by rival managers that normally would take place in half a dozen baseball games were crowded into the final five frames.

The winning run came in the 13th with one out when Charlie Balassi, who had been hitless up until that time, bounced a single over the pitcher's head into centre field to score Babe Jensen from third base.

Jensen opened the 13th with a single. Vic Buccola beat out a bunt and both runners moved up on Joe Blankenship's sacrifice. Then Balassi provided the blow that broke up one sweet ball game and sent the meagre crowd of 900 fans home still talking to themselves.

## GAIN 2 TO 0 LEAD

The game started out with Propst and another wrongsided,

Joel Cordell, engaged in a pitchers' battle. Sal Recca boomed one out of the park in the fourth with Roy Gilmore on base and the A's took a 2 to 0 lead.

In the top of the sixth, Roy Yonker blasted a fast ball over the wall with the sacks empty, for the Indians. The A's came back in their half of the inning to score three runs and take a 5 to 1 lead which at that stage of the game looked good enough. A walk to Kubiak and singles by Palmer and Wilson and a two-base hit by Recca caused the damage.

Spokane scored three unearned runs in the seventh to cut the A's lead to 5 to 4. After Jim Changaris singled, Babe Jensen booted a ground ball by Cordell and all hands were safe. Jack Palmer then dropped a perfect throw from Kubiak at second to load the bases. Petralli struck out but Thomas and Yonker came through with singles to score the tallies.

The inning ended with a great double play started by Kubiak that saw six assists go into the record book before it was completed. Palmer, unable to make a play at first, fired the ball to third and nipped Thomas leaning the wrong way. On the run down, Jensen, Recca, Kubiak and Buc-

SAL RECCA

... hits ball hard

cola handled the ball with Palmer making the out his second of the twin killing.

Spokane tied the score in the eighth as Propst left the game and Joe Blankenship took over. Cordell drove in the tying run with an outfield fly to score Valine who had led off with a double and advanced on a fielder's choice when Buccola made

the play to third instead of retiring the batter.

## GREAT THROW

Kubiak saved the day in the ninth inning to throw out Nelson from deep shortstop with the potential winning run on the way to the plate. Spokane went down in order in the 10th and it was Victoria's turn to threaten. Kubiak opened with a single, went to second when Wilson walked and moved to third on a force out. Recca was purposely passed by Gene Babbitt who relieved Cordell for the Indians and the strategy paid off as Jensen grounded into a force out.

Things looked black in the 11th inning when Petralli doubled and Thomas was safe on Jensen's second error. Yonker whiffed and Sheely was purposely walked to fill the sacks. Valine drilled a terrific ground ball towards second and Palmer came up with it baredhand to step on second and fire to first for the double. Victoria got a runner to second with one out in the 12th but after Wilson had been walked—again a strategy pass—Gilmore struck out and Recca hit into an infield force play. A couple of neat catches by Wilson and Kubiak, the latter bouncing off the screen in left field stopped Spokane in the 13th.

Probably overlooked in the A's great win was the fine relief job

by Joe Blankenship. Local fans have been used to seeing Joe come through in the pinch but last night was one of his best. In the six innings he worked, after relieving Propst in the eighth frame, Blankenship gave up but three hits, one in the eighth, one in the 11th and one in the 12th. He struck out three and gave up three walks, two of them intentional.

An oddity in scoring also took place during the contest when Propst struck out Thomas and the ball hit the dirt and got away from Recca. Thomas reached first giving Propst an error and no strikeout. Kubiak with nine assists and three putouts and Palmer with seven putouts and four assists were the fielding stars.

In other W.I.L. games Vancouver took Venetich into camp 11 to 3, in six innings; Tacoma trounced Yakima 12 to 3 and Bremerton snapped Salem's seven-game win streak with a 5 to 3 triumph to move into second place.

## Short scores follow:

## Zale Plans Career After Great Comeback

NEWARK, N.J. (AP)—Tony Zale, the champion who came back, charted a fighting future today over the prostrate form of Rocky Graziano.

Zale, the underdog, regained the world middleweight boxing title by knocking out Graziano, just as he predicted he would, in the third round of their third encounter.

Although 34, Zale immediately proclaimed he would not retire, offered to fight all comers, and declared:

"I feel like I'm going the other way again—back to youth."

Marcel Cerdan of France was the boxer mentioned as Zale's probable next opponent, providing Cerdan takes back the European title from Cyrille Delannoi of Belgium July 10.

Both of the previous fights between the poised, slight Zale and the rough-and-rugged 26-year-old Graziano went six rounds, but Zale needed only half that last night. He floored Graziano after less than a minute of the first round, then lost the second when Rocky came surging back.

LEFT ENDS BOUT But in the third, Zale was absolute master. He downed Graziano for the count of seven, twice had him hanging on the ropes, and ended matters with a tremendous left to the head after 1.08 minutes. In between all this punishment Graziano kept on swinging.

The crowd numbered 21,497 in Ruppert Stadium, paid a gross of \$335,646 which brought to \$405,646 by \$45,000 for radio and \$25,000 for movie rights. Television was banned.

Zale weighed 158½ and Graziano 158½ for the match, set to go 15 rounds. The betting odds favored Graziano, as champion, 5 to 12. Graziano was assured a purse of \$120,000, and Zale \$60,000. Graziano, whose real name is Rocco Silvio Barbella, comes from Brooklyn. Zale, born Anthony Florian Zaleski, is from Gary, Ind.

The match was originally set for Wednesday night but was rained out. Last night's clear skies made a success of the first promotional venture of the Tournament of Champions, Inc., first to challenge the boxing supremacy of promoter Mike Jacobs in the New York metropolitan area.

Zale and Graziano could not fight in New York, where Graziano is under suspension for failing to report a bribe offer which, he claimed, was just a joke anyway.

Graziano was numbed, bruised, and baffled after he was revived and taken to his dressing room. He received a concussion and for a time his reflexes were gone. Dr. Vincent Nardiello, physician of the New York State Athletic Commission, went at once to Graziano in an unofficial capacity. He reported that Zale's terrific blows could be serious, questioned Graziano closely as to the day and his own identity, and then recommended rest and ice packs. Graziano went to his home and visited late with friends.

LEADS, Eng. (AP)—Charlie Ward, British Ryder Cup golfer, won the Yorkshire Evening News £1,050 (\$4,200) golf tournament Thursday with a four-round aggregate of 275 on the 6,451-yard Moortown course.

## Sain Hurls Braves Into Second Place

Johnny Sain and Warren Spahn once again are being called the Mr. Right and Mr. Left of the Boston Braves' pitching staff. They each won 21 games for the Braves in 1947 and the National League pennant hopes of the Braves hinge on their duplicating that feat this year.

Sain, the righthander, pitched the Braves into second place Thursday night by beating St. Louis Cardinals 10 to 2 in a night game at St. Louis for his third consecutive win.

It was the Braves' fifth straight victory and second in a row over the Cardinals. Spahn, the lefthander, stopped the Red Birds 11 to 5 Wednesday night for his fifth victory.

Bob Elliott led the Braves' 17-hit attack against five Card pitchers with a homer, double and two singles.

The Giants were beaten by the last-place Cubs in a day game at Chicago while the Pittsburgh Pirates turned back Brooklyn Dodgers 4 to 1 in a night contest at Pittsburgh.

Russ Meyer went the route against the Giants, allowing only six hits.

Brilliant two-hit pitching by Ernie Bonham featured the Pirates' victory over Brooklyn.

CLEVELAND BEATEN The American League's leading Cleveland Indians took a 15 to 7 pounding from the Red Sox in a day game at Boston. The loss ended a five-game Cleveland winning streak and cut their margin to three games over New York Yankees and Philadelphia Athletics.

Bobby Feller started for Cleveland but was routed in the third inning when the Red Sox jammed eight runs home.

The Athletics also enjoyed a big inning in trouncing Detroit Tigers 10 to 4, but the generosity of Tiger pitchers contributed to the scoring.

Philadelphia pushed seven runners home in the fourth inning with the aid of only two hits and seven walks.

## Victoria Man Pleads Guilty To Stealing Servicemen's Checks

Donald Stancil, Victoria, aged 27, pleaded guilty to three additional charges of stealing government checks made out to Victoria citizens when he appeared before Magistrate H. C. Hall in city police court today.

He was remanded to tomorrow for sentence. Jack Rutnan appeared as defence counsel.

This brought the number of charges to which he has pleaded guilty to four. Checks amounted to a total of \$385. All checks, Detective John Lund told the court, had been cashed.

Insp. Harry Mercer, chief of the city plainclothes branch, reported today this court action is one phase of investigations which have been carried out by members of his department for the last few months.

The inspector intimated there would be other court actions shortly as a result of the investigations.

### FROM ROOMING HOUSES

Detective Lund explained to the court the checks were stolen from boarding or rooming houses where mail was left in a central box for the tenants to pick up as they returned during the day.

The documents stolen included naval allotment checks for Mrs. Stella McLeod, 920 Yates Street, for \$125, and Mrs. Eileen L. Malner, 739 Queens Avenue, for \$110. Another was a Workmen's Compensation cheque for \$125 made out to Joe Guy, 624 Fisgard Street. The fourth was a

## Plan Legislation To Protect Jobs Of Men Fighting Flood

Retroactive legislation protecting jobs of men who have been called up under the Militia Act to battle Fraser Valley floods will be recommended by Attorney-General Gordon S. Wismer at the next session of the Legislature.

This is the only solution he can see to complaints that a small minority of employers are threatening dismissal for workers who have left their jobs to work in the flood areas.

No immediate steps can be taken by order-in-council he said. The legislation he will recommend would make it unlawful for employers to dismiss employees called up under the Militia Act.

Mr. Wismer said he thinks it is most reprehensible that reserve army men, forced to leave their jobs temporarily under the act, should have their future security jeopardized because they are doing their duty.

## Downtown Building Rented For Health Plan Administration

Up-town headquarters for registrations and collections under the province's new compulsory contributory hospitalization scheme, which comes into effect early next year, will be in a building opposite the Post Office on the northwest corner of Government and Courtney Streets, now being renovated.

This was announced by Health and Welfare Minister George Pearson who stated also a Canadian Legion building in Vancouver has been purchased for headquarters there of the hospitalization scheme.

The Vancouver building was purchased for \$113,000. The headquarters here will be rented. In announcing locations of the headquarters for the health plan, Mr. Pearson also reported several appointments which have been made in connection with the scheme.

A. W. E. Pitkethley, chief accountant in the Public Works Department, will be executive director under Dr. J. M. Hershey, commissioner. Assistant director will be W. J. Lyle, now accountant in the department of agriculture.

Renny Englebert will be free lance executive assistant to Dr. Hershey. Kenneth Wiper, registrar of voters here, will be in charge of registrations and collections.

## Joseph Falconer Of Marine Industries Dies At Shaughnessy

Joseph Falconer, 57, president of Falconer Marine Industries of Victoria, died this morning in Shaughnessy Hospital Vancouver after an illness of four weeks.

Mr. Falconer, who served with the 29th Battalion in France in the First World War and won the Distinguished Conduct Medal, was born in Portknockie, Scotland, and came to Canada in 1909.

For some years he was resident manager, comptroller and director of the Powell River Pulp and Paper Co., at Powell River. Five years ago he came to Victoria and purchased the marine plant of Armstrong Bros. He enlarged the plant and secured war contracts. A total of 583 powerboats and lifeboats was constructed at Falconer's.

Mr. Falconer also was president of Falconer's Ltd., a wholesale marine hardware firm in Vancouver.

He is survived by his widow, one son, Roderick, Vancouver, and one daughter in Vancouver and another in Buenos Aires.

## Thief Invades Home Of Ex-R.C.M.P. Inspector

While the occupants of the home of R. C. Bowen, retired inspector of the Royal Canadian Mounted Police, were asleep last night at 2735 Asquith Street, a burglar got into the basement through a window and made off with a brown leather saddle-bag purse containing documents, a change purse containing \$12, two fountain pens, one gold watch, a pair of glasses and other articles. Detective Norman Bath attended for city police.

A letter from Mayor Percy George in which he thanked members of the City Council for their sincere wishes and gifts of flowers during his recent illness, and said he hoped to be back at his office in the City Hall by the end of next week, was read by Acting Mayor J. D. Hunter, at a special meeting of the City Council this morning. Mayor George said he was on the road to recovery.

## Plenty Of Food For Dike Workers

The question of Victoria sending food to the men manning the dikes in the flood-stricken Fraser Valley, was raised in City Council at a special meeting this morning, by Acting-Mayor J. D. Hunter, following receipt of several telephone calls on the matter.

The matter was considered but Acting-Mayor Hunter was later informed by military authorities that there was plenty of food and blankets for the areas in question.

The council left the matter in Dr. Hunter's hands since the military authorities said they would contact him if any need should arise.

## Sidney S. Pearce, Restorer's Purser For 34 Years, Dies

SIDNEY S. PEARCE

Sidney S. Pearce, purser on the cableship Restorer since 1914, collapsed on the ship at Esquimalt Thursday afternoon at 2:20 and died on way to St. Joseph's Hospital. He was 62 years of age.

Death to one of the best-known pursers on the Pacific coast came as a shock to many of his friends.

Born in Austin, Nevada, Mr. Pearce had friends all over the Pacific, having visited every country linked with the trans-Pacific cable, including Guam, Hawaii, Midway Island, the Philippines and Singapore.

Capt. J. H. Connelly, master of the Restorer, said here today: "Mr. Pearce's sudden passing was a great shock to all of us on the Restorer. We feel we have lost an admirable shipmate who will be difficult to replace."

Mr. Pearce has been in the service of the Commercial Pacific Cable Company of New York, owners of the Restorer, since 1914 and was through both Great Wars as a member of the ship's complement in the maintenance of the trans-Pacific cable, constantly threatened by the enemy.

In the last World War, from 1943 to 1945, he was in Alaska with the Restorer, which at that time was operated by the U.S. Army Transport. He was serving as director of civilian personnel for the Alaskan Division.

"He is survived by his wife, Jean; three daughters, Mrs. D. R. McAdam of Victoria, Mrs. A. C. Kinnear of Kenora, Ont., and Miss Patricia Pearce at home; two sisters, Mrs. George S. Pearson and Mrs. Charlotte Bradshaw, both of Nanaimo; one grandson and several nephews.

Funeral service will be held in the chapel of Hayward's Ltd., B.C. Funeral Co., at 3 Saturday afternoon, followed by cremation. Rev. George A. Reynolds will officiate.

In accordance with the deceased's wish, the ashes will be taken aboard the Restorer and scattered at sea.

## Dredging, Repairs At Ogden Point Started Shortly

Preliminary dredging work at Ogden Point will probably proceed when dredging operations in the Inner Harbor are completed at the end of this month. Fred Hawes, retiring chairman of the harbor development committee of the Victoria Chamber of Commerce, told committee members at their annual meeting at noon today in the Douglas Hotel.

"It will be a more extensive program of dredging than has been done in the Inner Harbor," Mr. Hawes said.

Assurance has been given, he added, that the C.N.R. and the department of transport will start soon to make necessary repairs to the Ogden Point dock and buildings so that freight and passengers can be handled properly.

"Your committee has done much in the last year to press for these improvements to the Ogden Point facilities," it was noted.

Covering work of the committee, Mr. Hawes said the committee had held 12 meetings in the last year. It had been instrumental in having the new fishermen's wharf at the foot of Erie Street constructed, and had assisted contractors in securing necessary lumber and other supplies, which were short at the time and which threatened to delay completion of the structure.

Mr. Hawes said the harbor committee was most anxious that the Victoria Machinery Depot continue to operate its plant at the old Rithet Piers. "As it employs many residents, this plant of the V.M.D. plays a most important part in the economic life of our city," he said.

Meetings of the chamber's harbor committee are now held jointly with the harbor committee of the city council, he said. This has been a most satisfactory arrangement for both parties concerned.

Recommendations and requests from these joint meetings are backed by both the chamber and the city, it was noted.

The two committees are now working to clean-up and repair the causeway.

"We intend to turn this eyesore into a useful and attractive approach to our city," Mr. Hawes said.

A brief report on progress made by the industrial development committee was presented to the meeting by committee chairman, Duncan MacBride.

## 2 City Youngsters Hurt In Mishaps

A 16-year-old boy suffered a fractured right thigh and a young girl sustained a head bruise and a sprained ankle in a pair of accidents last evening in which the city police ambulance was called into action.

Richard White, son of Mr. and Mrs. C. E. White, 401 Henry Street, was playing ball at Victoria West Park about 8, and while running between bases, tripped and fell on his right leg. Constables N. Galbraith, D. Buie and R. McNeill attended with the police ambulance and conveyed him to Jubilee Hospital, where the thigh fracture was diagnosed.

Shortly after this run the same constables attended at Queens and Quadra Street and found Barbara Bone, daughter of Mr. and Mrs. W. D. Bone, 1415 Denman Street, had been injured in a fall from her bicycle.

Police said she was riding the wheel west on Queens, and in braking for a halt at the Quadra stop sign, the bicycle skidded and the girl was thrown to the pavement. While at first it was thought she had a fractured ankle, hospital doctors found it was a sprain which will keep Barbara off the limb for about a week.

## Police Wage Hearings Postponed To July 12

The arbitration board, hearing requests of the city police union for increased wages, met this morning in the City Hall and fixed July 12 as the date for a resumption of sittings.

The board, presided over by Brent Murdoch, when it reconvenes will hold continuous sittings until the hearing is closed. The long postponement was made necessary to ensure attendance of all members of the board and also Mayor Percy George, at present recovering from illness, as his presence at the hearing is required as a material witness.

E. F. Farr, Victoria barrister, flew to Kelowna today to preside as chairman of a Conciliation Board dealing with a dispute between the Fruit Growers' Organizations of the Okanagan and the Federation of Fruit and Vegetable Workers.

## Bracewell Approves Road By-Law But Urges 'Pay-As-You-Go' Plan

Despite the fact that he felt there was "adequate reason for the adoption of a pay-as-you-go program," B. C. Bracewell, Deputy Minister of Municipal Affairs, gave the green light to the proposed Streets Loan By-law, which City Council at a special meeting this morning read for the third time and finally passed.

Department of Municipal Affairs also gave approval to the proposed Waterworks Loan By-law with both by-laws to go to the voters June 24 along with the Waterworks Supply System Sale By-law.

The Streets Loan By-law, if accepted by the voters, will authorize the city to borrow \$1,165,000 for a five-year major road program in the city, the sum to be repayable in 20 years.

"Certain discussions have taken place with representatives of the city during which it was submitted that the state of the streets, plus change in transportation demands, made it imperative that a major program of street improvement be instituted," Mr. Bracewell wrote council.

"It was further submitted that such a program was beyond the capacity of the city to finance through general revenue."

"Notwithstanding the acceptance of such submissions, it must be pointed out that this does not overcome grave questioning as to merit of any course, which makes necessary the inclusion in a by-law of this kind, of so many items, small in individual amount, which might otherwise be taken care of through annual estimates."

"The fact of the debt of the city, after giving effect to by-laws now under contemplation, showing a considerable increase over the figure established at the time of the last

refunding, provides adequate reason for the adoption of a pay-as-you-go program."

Slight estimates as requested by Mr. Bracewell were made in the wording of both proposed by-laws before final reading and passing. The Waterworks Loan By-law, if passed by voters on June 24, will authorize the city to issue 20-year serial debentures totaling \$155,000.

The money thus borrowed will be used to renew, replace and enlarge water mains in the city and Esquimalt.

Voting on the three by-laws took place June 24 at the Public Market from 9 in the morning until 7 in the evening. M. F. Hunter, city clerk, will be returning officer.

## Crusher 'No Myth' City Council Told

A crusher for Victoria's refuse disposal system is neither a "myth" or "a dead issue," Acting-Mayor J. D. Hunter, chairman of public works, told a special meeting of council this morning during discussion on adoption of a new contract for the city's refuse disposal.

Ald. C. F. Banfield, said there were still complaints being received concerning refuse on the Dallas Road beaches.

"The council is keenly interested in getting the crusher going and we are working on the problem all the time," Acting-Mayor Hunter said. "We are going to have a machine going. I am positive of that."

City building inspector's office today issued a permit to B. Moon for the construction of a dwelling at 425 Niagara to cost \$5,000.

## Government Urged To Develop Visual Radio In Canada

OTTAWA (CP)—The government was urged in the Commons Thursday to get a move on in the field of television.

Lawrence Skey, P.C., Toronto

Trinity, warned that if the government does not soon make a start on visual radio Canada will be "invaded" by programs from the giant television networks being developed across the United States.

Transport Minister Chevrier

replied that the Canadian Broadcasting Corporation has television development under study.

Television entered the parliamentary picture as the Commons discussed radio, air and marine services in a day-long study of Transport Department estimates.

Mr. Skey suggested Mr. Chevrier, officers of his radio division and officials of the CBC see television before the government decides how to develop it.

He had seen it and had been "greatly impressed" with the clarity with which the pictures appeared on the viewing screen.

T. G. Norris, K.C., issued a writ for "His Majesty's Attorney-General, London, England" to collect approximately \$6,800 alleged to be on deposit in the Bank of Commerce here to the credit of Mrs. Margaret Louisa Maitland-Tennent of Scotland.

The writ states the plaintiff is sometimes known as Mrs. Margaret Louisa Maitland-Tennent.

Similar actions have been started in Ontario, Mr. Norris revealed, but their outcome is not known.

Britain's Attorney-General alleges that Mrs. Maitland-Tennent sent \$306,176 to Canadian banks and trust companies during the war, in contravention of Foreign Exchange Control Regulations.

The funds are said to be on deposit in Quebec, Montreal, Toronto, Vancouver and Victoria.

## New School Room For Langford

LANGFORD—A new school room is under construction between the two present buildings of Langford School in order to accommodate the large number of primary students expected for the fall term.

To date, names of 41 children have been received by Miss J. King, principal, and Miss E. Urvold, R.N., the school nurse.

Mothers of preschool-age children in the Langford area will

### They'll Do It Every Time

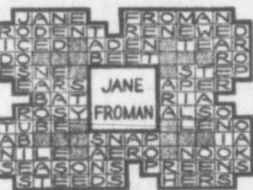

### ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

**HOME RAZED BY FALLING SPARKS**  
You know, there's never a day goes by without someone losing their home due to fire... and sparks that fall on inflammable roofs are one of the chief causes. With this thought in mind, more and more homeowners are insisting on fireproof asbestos shingles. And here's some timely information about the most beautiful, low-cost Asbestos Shingle in Johns-Manville history. It is called Durabestos. It has the deep grain and beautiful weathered look of fine old wood—yet it's made of asbestos and cement, two virtually indestructible materials. J-M Durabestos Shingles are fireproof and weatherproof. Not one has burned or worn out in over 35 years. If you are considering a new roof, ask your nearest J-M Dealer about Durabestos Shingles. Asbestos Building Materials Ltd., 707 Johnson St., G 7314.

### Today's Crossword Puzzle

(Answer to previous puzzle)

### Discuss Movement Of Families Within Canada

HAMILTON, Ont. (CP)—A recommendation urging the Canadian Welfare Council to make a survey of the movement of families within the Dominion came out of a meeting Thursday at the Canadian Conference on Social Work. The suggestion resulted from a lengthy discussion on residence laws. Delegates were told of the hardship these could cause the family which moved to a new district. It often was unable to get welfare assistance because it hadn't lived in that area long enough.

Delegates decided that any C.W.C. survey should also include data on the industrial contraction and expansion in the various parts of the country. C. W. Lundy of Victoria, B.C., director of welfare, said anyone in Canada should be able to reside anywhere he chooses—and be eligible there to receive all benefits. It was "inconsistent" to talk of one world when moving across a state line could change one's rights.

### 14 Killed When Korean Craft Bombed

SEOUL, Korea (Reuter)—At least 14 persons were killed when an unidentified plane bombed and sank several Korean fishing boats just south of the 38th parallel, dividing the Russian and United States zones. Tuesday, according to delayed police reports reaching here today. The director of Korean police said investigations were being made in an attempt to establish the identity of the aircraft. The Korean press news service in a dispatch from the scene said the plane was American, adding that United States planes had been using the area for bombing practice. Some newspapers reported the plane to be Russian. United States army authorities in Korea said they did not know of any Korea-based United States planes being in the area where the bombing was reported.

### Many Passengers Sail For Alaska On Prince George

With a capacity passenger list made up of members of the Los Angeles Chamber of Commerce and their wives, the new Canadian National liner *St. Prince George* sailed from Vancouver last night on her maiden voyage to Alaska. The distinguished party of Americans was headed by Chas. P. Bayer, assistant to the president of the Chamber of Commerce, and including in the group Hon. Clyde A. Watson, California state senator, and several members of the California legislature. Prior to the departure of the ship Capt. E. B. Caldwell received a large floral horseshoe of good luck from group of friends in Ketchikan with a message of good will attached. A message was also received from the Prince Rupert Chamber of Commerce. On arrival at British Columbia's most northern port a presentation of a silver rose bowl will be made to the ship with personal recognition to the captain. *St. Prince George* will return from Alaska on the morning of June 19, and sail again the same evening northbound, with calls at Ocean Falls, Prince Rupert, Ketchikan, Wrangell, Juneau and Skagway.

**Shreddies**  
Have Something Special!

the little biscuit with the BIG flavour!  
They've got a flavour that everyone likes... it's a different flavour of wholesome whole wheat blended with tasty mellow malt. Serve 'em at breakfast or anytime during the day and you'll hear the family say... Shreddies HAVE something special!

**Vacuum Cleaner Imports Restricted**

of the

**ROYAL COLWOOD GOLF COURSE**

No LOT Less than a QUARTER of an ACRE

Acting as agents we feel it is a privilege to offer to you, as purchasers, these very choice lots in our opinion the area as a whole has something to offer which cannot be equalled anywhere around Victoria. Think of living adjoining a beautiful park laid out in fairways, greens, etc., with the vista through the trees and valleys of a year round Golf Course and sufficient activity throughout to create an interest for you.

Plans of the area are available at this office.

The prices range from \$1000 to \$2000. Terms may be obtained.

Roads, etc. are in the process of being completed.

We will appreciate your enquiries either direct or the usual courtesy extended to your own agent.
